Military and Civil Appointments—West Virginia Election—Rollins-M'Culloch Difficulty—Rebel Outrages in Texas and Arkansas—Tennessee for Grant—Revenue Matters—First National Bank of Pittsburgh—Cannel Coal in Alaska—A Forgery on Chief Justice Chase.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, Oct. 26, 1868.

MILITARY AND CIVIL APPOINTMENTS.

In addition to the present duties at New York city, Brevet Major General Ingalls Assistant Quartermaster General, has been assigned to duty as Chief Quartermaster of the Military Division of the Atlantic.

Secretary M'Culloch to-day appointed James C. Ranking Assistant Supervising Architect of the Treasury, vice B. O. Oertly resigned.

The following Internal Revenue appointments were made to-day:

Storekeepers—James L, Bradbury, Ninth district, Illinois; Henry T. Graham, Second district, Ohio.

Guagers—J. F. Chenoweth, Ninth district, Illinois; David W. Rue, First district, Illinois.

WEST VIRGINIA ELECTION.

Dispatches from West Virginia state that the Republican majority in the thirty counties is about five thousand. Duval has one thousand majority in the first district, McGrew, two thousand in the second, and Witcher five hundred in the third—all Republicans. The Radical majority in the Legislature is about thirty.

THE ROLLINS-M'CULLOCH IMBROGLIO.

Mr. Rollins and Secretary McCulloch are still fighting over the supervisorships for New York, Pennsylvania and Ohio. All the other appointments will be made this week. General Burbridge has given up the attempt to secure Mr. Rollins' place, and has gone home.

THE PRESIDENT'S MESSAGE.

Mr. Johnson will commence his message during the present week. Mr. McCulloch has finished his report. The other Secretaries are all busily engaged on their reports.

NEW TREATY WITH MADAGASCAR.

A new treaty of perpetual peace and friendship has been concluded between Madagascar and the United States, securing religious liberty and free commerce to Americans.

JOHNSON'S LETTER.

Mr. Johnson's letter to Mr. Ewing on the finances is warmly commended by the Democrats, but the Republicans say his views on the subject are uncalled for.

REBEL OUTRAGES IN THE SOUTHWEST.

Reports of murders and outrages in Louisiana, Texas and Arkansas continue to flow in here.

BINCKLEY WILL HOLD ON.

Mr. Binckley is determined not to resign his position as Solicitor of the Internal Revenue Bureau.

MARTIAL LAW IN SOUTH CAROLINA.

Governor Scott will declare martial law in parts of South Carolina during the present week.

JUDGE KELLEY.

Judge Kelley has arrived here from Tennessee. He says the State will give Grant a very heavy majority.

THE ALEX. LONG LETTER, A FORGERY.

Chief Justice Chase denounces as a forgery, the published letter addressed to Alex. Long, in which, under date of October 17, he is reported as saying, "should my friends urge my acceptance, in the event of Seymour's withdrawal, I should stand as a candidate for the Presidency in his stead, &c." He expressed his surprise that any one should so misrepresent him.

INTERNAL REVENUE MATTERS.

The Internal Revenue Supervisor for Virginia and West Virginia left to-day for Richmond under instructions from Commissioner Rollins to make a thorough examination into internal revenue matters in that district.

FIRST NATIONAL BANK OF PITTSBURGH.

The First National Bank of Pittsburgh, Pennsylvania has decreased its security for public deposits to $50,000.

CANNEL COAL IN ALASKA.

The Treasury Department to-day received a specimen of cannel coal from Alaska, which has been pronounced of good quality.

PHILADELPHIA.

Money Matters—Teachers' Visit to Princeton College—Family Fight—Brothers Quarrel.

[By Telegraph to the Pittsburgh Gazette.]

PHILADELPHIA, October 26.—There is a better feeling in monetary circles to-day, and it is believed that the panicy season is passed.

A large number of our teachers and professors are going to Princeton to-morrow, to see Rev. Dr. M'Cosh installed as President of Princeton College.

During a family fight in a house down town, last night, Martin Connell made a violent assault upon Mr. and Mrs. Nichols and Bridget Ready with an ax. The latter was mortally and the others seriously injured. Connell was arrested.

Ben Dewees, aged eighty, was thrown down stairs by his brother, Jno. Dewees, yesterday, and hurt so badly that his life is despaired of. The latter said he was seventy-seven years old, and that both were drunk.

LOUISIANA.

Another Severe Riot—Registration in New Orleans.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, October 26.—Rumors of another severe riot have reached here. It took place last evening in St. Bernard Parish, below the city, between the two political parties of the district. General Rousseau and troops are endeavoring to restore quiet.

Registration closed here on Saturday. 43,000 names were registered. The largest vote ever polled here before was 29,000.

Man Killed—Fire.

[By Telegraph to the Pittsburgh Gazette.]

ROCHESTER, N. Y., October 26.—An arch of the blast furnace at Charlotte fell this forenoon, killing a man named Meacham, and injuring two others slightly.

Jones' iron foundry was damaged by fire yesterday to the extent of $5,000. Fully insured.

RELIGIOUS.

Episcopal National Convention.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 26, 1868.

In the Episcopal Convention to-day the Rev. Wm. H. Clarke, of Georgia, offered a resolution to change the title of the House of Delegates by dropping the words "Clerical and Lay." Referred to Committee on Canons.

Wm. Welsh, of Pennsylvania, offered a resolution directing the Committee on Canons to report on the propriety of forming a canon making it obligatory on all new Dioceses to form their standing committees of an equal number of clergy and laymen.

Several messages were received from the House of Bishops on grievances of the Oneida Indians, on evangelization outside of churches and other less important subjects.

The Bishops non-concurred in the amendments to Canon 13, section 5, title 1, on election of Assistant Bishops.

After a discussion upon the propriety of signing a letter from the House of Bishops to the Secretary of Interior on the condition of the Oneida Indians, Mr. Welsh, of Pennsylvania, moved to refer the matter to a special committee of three clerical and three lay delegates, to examine and report, which was lost, and the House declined to take any further action.

Messages were also received from the House of Bishops non-concurring in the change proposed in the Board of Missions, asking for a Joint Committee of two Bishops, two Presbyteries and two laymen, on the subject of Theological Education and other measures for improvement and revision, the Committee to report at the next General Convention, and announcing their intention of adjourning *sine die* on Thursday next.

The Committee on Prayer Book presented a report containing several resolutions on changes of matter and punctuation of the lessons, psalms and hymns, which was referred to the Joint Standing Committee on Prayer Books.

Hamilton Fish, on behalf of the Trustees of the fund for the relief of widows and orphans, reported he had received no contribution for the object, and asked that he be discharged and an act for incorporation be filed by the Registrar. Adopted.

On motion of Rev. Dr. Littlejohn, the House concurred with the Bishops in the messages recently received, except those on adjournment and Board Missions.

At the afternoon session Dr. Pierce, of Alabama, called for some action on the resolution formerly introduced by him, providing congregations using other than the English form should be permitted to use the liturgy which they had been accustomed to use in their native country, or such modification as the Church may devise. A lengthy debate ensued, but no action was taken.

Rev. Dr. Adams introduced a resolution calling for the appointment of a committee whose duty it shall be to ascertain the time and occasion when the word "Holy" was omitted in the Prayer Book version of the Nicene Creed; by what authority it was done, and what reason, doctrinal or practically, lies at the bottom of the action. The resolution was after debate referred to the Committee on Prayer Books.

A motion to table it having previously been negatived.

Rev. Dr. Paddock, of Michigan, read the majority report from the Committee on Canons, to the effect that the enactment of any Canon on the subject of ritualism would be unwise and inexpedient at present, but is none the less the same of the conviction that the continued maintenance of decency and order, as well as the peace and harmony which have characterized the Church, require so far as may be, a steadfast adherence to such vestments, ceremonies, practices, and ornaments as by reason of long continued use or by authority are recognized as properly belonging to this Church, and no changes should be made against the judgement and counsel of the Bishop.

The report is signed by Rev. Drs. Meade, Haight, Mahon, Watson and Paddock, and Messrs Fish, Otis, Curtiss and Flagg. It was received with applause.

Rev. Dr. Howe, of Pennsylvania, read a report of the Minority: "As the sense of this Convention, the House of Bishops concurring, the maintenance of our wonted uniformity and simplicity of worship is exceedingly desirable; that this Convention affectionately urge on all those whom have to do with the appointments of public worship that none other than the clerical habits known to our fathers, to wit: Bands, gowns and surplices, with their customary appendages, cassocks and black stoles be provided, and that no strange ornaments of the sacred places, conducive to vain show or superstition, be introduced, that the burning of any lights in the order for the holy communion, the burning of incense, reverences to the Holy Table, or to the elements thereon, the elevation of the elements, making the sign of the cross, except where prescribed on the Rubric in and during divine service, or the celebration of the Lord's Supper, are innovations on our mode of conducting public worship offered against the common order of the Church, and wound the consciences of many of its true and loving members, that the Convention earnestly expresses its approval of the omission of any of those proprieties of apparel or demeanor which either rule or general usage had made distinctive of our worship, and commends all who, being in holy orders, would deviate on the right hand or the left from the common order of the Church's worship, to seek first the counsel of their Bishops and submit themselves to their godly judgments.

Signed by Rev. Dr. Howe and Judge Conyngham, of Philadelphia.

The reports were made the special order for to-morrow.

The Committee of Conference reported in favor of the amendment of article fifth of the Constitution by putting into it provisions relative to the formation of new Dioceses, &c., which was adopted.

The Committee on Canons reported the following, which, after the rejection of several amendments, was adopted:

"*Resolved*, That this House concurs in the resolution submitted by the House of Bishops, amended to read as follows:

"No minister of this Church shall solemnize matrimony in any case where there is a divorce, or the wife or husband of either party is still living, but this Canon shall not be held to apply to the innocent party in a divorce for the cause of adultery, or to parties once divorced seeking to be united again."

Rev. Mr. Harold, of Florida, submitted a resolution requesting the House of Bishops to prepare a shorter form of prayer for the morning and evening service, framed after the primitive liturgies, which may be allowed for use on other days than Sunday, which was opposed as unwise, as seeking to change the service in an unconstitutional manner, and it was rejected. Rev. Dr. Mead offered a resolution looking to the provision of the spiritual wants of our people, who may emigrate to Alaska, with due regard to the Russian Church. No action was taken. A resolution was adopted to prevent the introduction of any new business after to-day. Adjourned.

HAVANA ADVICES.

Lersundi and His Successor—Progress of the Insurrection—Surrender of Insurrectionists.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 26.—A Havana correspondence of the 17th says: There was a good deal of speculation as to Lersundi's action on the arrival of his successor. It is known that he has all along been a consistent royalist, and it is not certain whether he will recognize the appointee of a new Government. Everything is quiet in Havana, and the change at home is decidedly popular. The insurrections in the interior are of more importance than the authorities will admit. The latest rising was in Santiago, and on the reception of the news considerable activity was noticeable among the troops in the barracks at Havana. The suppression of the insurrection in Porto Rico was officially announced on the 3d inst. by the Captain General of that Province. The troops had captured sixteen of the principals, and were in hot pursuit of Manuel Rajes, the leader.

HAVANA, October 26.—Captain General Lersundi has received satisfactory news from Mangillo. Two hundred insurrectionists had surrendered to the troops sent against them. A detachment of troops sent to meet the insurgents at Tunas had met with success. A battle was fought on the outskirts of the town and the insurgents dispersed. The troops captured the cannon, flags and all correspondence of the rebels.

Latest advices from the interior report the Government officers acting with vigor, but the rebels are sacking and robbing the plantations. The reinforcements sent from Havana had not arrived at the scene of disturbance. It is reported that negroes, who are with the insurrectionists, have under them white servants whom they compel to address them as masters. The telegraph lines have been cut twelve times within the last ten days. The insurrection is confined to a small district in the interior. The rest of the island is quiet.

BOSTON.

Assault—Civil Suit of Merchants Bank vs. State Bank for Recovery of $600,000—Verdict Against Ward and Mellen for Embezzling Government Funds.

[By Telegraph to the Pittsburgh Gazette.]

BOSTON, October 26.—A man named McPherson violently assaulted a colored man named John White in a Somerville horse car on Saturday. The colored man shot his assailant, inflicting wounds which will likely prove fatal. White surrendered and claims he acted in self-defence.

The civil suit of the Merchants Bank against the State Bank to recover $600,000 paid by the former to Edward Carter, of the firm of Mellen, Ward & Co., on certified checks of the Cashier of the State Bank, for which gold certificates are paid, and the firm failing without assets, were lost, was commenced in the Circuit Court this morning.

The trial of Ward & Mellen for embezzling the government funds to the amount of one hundred thousand dollars, resulted to-day in a verdict of guilty.

Eight Boys Poisoned.

[By Telegraph to the Pittsburgh Gazette.]

CONCORD, N. H., October 26.—Eight boys were poisoned on Saturday at Suncook from eating Indian turnips for artichokes. Two have since died.

INDIANAPOLIS, October 26.—Gov. Seymour reached here to-night. He had quite an enthusiastic reception and made a brief speech.

ALLEGHENY COUNCILS.

Special Meeting—Petitions and Communications—Reports of Committees, &c.

A special meeting of Allegheny Councils was held last evening.

Select Council.

Members present: Messrs. Black, Brown, Callery, English, Gang, Gwinner, Hall, Hartman, Krebs, Mottieral, Myler, Patterson, J. C., Patterson, A., Phillips, Riddle, Reiter, Smith, Wm., Smith, A. D., Weise, Wettach, and President McBrier.

Mr. Riddle presented a petition for a change of grade on Gallaher street. Referred to Street Committee.

Mr. Myler presented a petition from the ladies managing the Orphan Asylum, in the First ward, asking for a sewer to drain the property. Referred to the Committee on Sewers.

Also, a petition from property owners on North Canal street, remonstrating against the change of the location of said street. Referred to the Street Committee, in conjunction with the City Solicitor.

Mr. Brown presented a petition from a committee appointed by the stock owners of the Pleasant Valley Street Railroad, asking permission to extend their track from its present terminus to the Hand street bridge, via Ohio, Sandusky, Lacock and Anderson streets. Referred to the Committee on street Railways, in conjunction with the City Solicitor.

Mr. Reiter presented a petition for two gas lamps on Allegheny avenue, one at the corner of Ridge and the other at the corner of Jalapa streets. Referred.

Mr. William Smith presented a petition from the President and Board of Directors of the Allegheny and Manchester Railway Company, asking permission to extend their track over several streets of the city, accompanying which was a communication from the Solicitor of said railway company in relation to the right of the city to grant the privilege to the Pleasant Valley Railway Company to extend their track over streets to which the said Allegheny and Manchester Railway Company have exclusive right, in which he decides that such privilege cannot be granted. The matter was referred to the Committee on Street Railways in conjunction with the City Solicitor.

Mr. Myler presented a blank article of agreement between the city and the Pittsburgh, Fort Wayne and Chicago Railway Company, relative to the construction of the Sedgwick street sewer, accompanying which was a resolution providing for the execution of said agreement. The resolution was adopted.

Mr. A. D. Smith presented a requisition from Mr. James Park, President of the Park Commission, asking Councils to authorize the Controller to issue bonds of the Park Commons Fund to the amount of $30,000. The requisition was received and the Controller ordered to issue the bonds.

REPORT OF THE POLICE COMMITTEE.

Mr. English, from the Police Committee, presented the following report:

GENTLEMEN—At a meeting of the Police Committee held October 15, 1868, in the matter of the petition of John M. Horner, Esq., asking to be relieved from the payment of a fine of $100, imposed upon him by His Honor, Mayor Drum, because of an infraction of the law in reference to the erection of a frame stable, the question being upon a motion that the prayer of the petitioner be granted, was decided affirmatively.

The Committee felt induced to take this step because of the willingness of Mr. Horner to comply with the provisions of the ordinance in such cases made and provided, viz: Iron clad the building.

The report was accepted and the recommendations of the Committee adopted.

Mr. Myler presented an ordinance relative to the manner of making assessments for the Montgomery avenue sewer, on corner lots, providing for a discount of 33 per cent. The ordinance was adopted.

REPORT OF THE FINANCE COMMITTEE.

Mr. A. D. Smith, from the Finance Committee, submitted the following report:

GENTLEMEN: Your Committee on Finance would report that the temporary loan authorized by Councils last year and in the beginning of the present year, amounting in all to $55,400, has been paid, except a note of $5,832, which the Committee found necessary, with the consent of the party holding the note, to extend for another year.

Your Committee would also report that the expenditures of the city up to the 1st inst., are $236,375,53, while the receipts up to the 17th inst., have only reached $214,443,09, leaving the Treasury deficient in the sum of $21,931,44. We would, therefore, offer the following resolutions:

Resolved, That the action of the Committee on Finance in renewing the city's note for $5,832, for one year, be and is hereby approved.

Resolved, That the Committee on Finance be and they are hereby authorized to make a temporary loan of $30,000, on the best possible terms, for the purpose of meeting the demands of the Treasury.

The report was accepted and the resolutions adopted.

REPORT OF COMMITTEE ON SURVEYS.

Mr. Gang presented the report of the Committee on Surveys:

GENTLEMEN—Your Committee on Surveys would report upon matters referred to them by your Honorable bodies:

1st. In the matter of the difficulty between John P. Kennedy, Esq., and Charles Davis, City Regulator, in reference to an alleged irregularity in the regulation of the former's lot, in the Fifth ward, upon the subject matter of which your Committee had previously reported unfavorably to Mr. Davis without giving him an opportunity to present a counter statement. The Committee, after a protracted hearing of the case, decided that they had no jurisdiction, and suggested as the best method for settlement, that the matter be amicably arbitrated.

2nd. In the matter of getting up a complete map of the city, your Committee are of the opinion that there is an existing necessity for such a work, and recommend the City Engineer to make the preliminary preparations during the winter. Respectfully.

The report was accepted.

Mr. Myler presented a resolution authorizing the City Engineer to prepare a new may of the city.

Considereble discussion ensued on the resolution.

Mr. Riddle moved to refer the resolution to the Committee on Streets, to ascertain and report the probable cost of the map. The motion was adopted.

Mr. A. Patterson presented a resolution authorizing the Street Committee to compel the contractor on Franklin street to have an excavation on said street filled up.

Mr. Myler amended by referring the resolution to the Street Committee with power to act.

Mr. McBrier, Mr. Black in the chair, presented an ordinance providing that the special rate of frontage for the construction of the Federal street sewer shall be $1,50 on one side of the street and $2,50 on the other, in consequence of the sewer being constructed on one side of the street.

The ordinance was read three times and passed.

Council adjourned.

Common Council.

Council came to order at seven and a half o'clock, President Slagle in the Chair. The Clerk, Robert Dilworth, Esq., called the roll, when the following members answered to their names:

Messrs. Cutler, Comley, Clark, Eyster, Fleming, Groetzinger, Hanna, Hastings, Hochuly, Kennedy, Kunkle, Ley, Megraw, Maver, McDonald, McNeill, Reynolds, Reed, Richardson, Reiseman, Saints, Seidle, Slack, Tate, Voegtly, White, Warner and President Slagle.

The minutes of the preceding meeting were read and approved.

Mr. McDonald presented a petition from property owners on Jackson street against the widening of the street, but asking for the repairing and widening of the sidewalks on said street. Referred to Committee on Streets.

Mr. Warner presented a remonstrance from citizens of the Sixth ward, against the opening of Sedgwick street. Referred to Street Committee.

Mr. Hastings presented a resolution for the erection of a gas lamp on the corner of Knoll street and Orchard alley. Referred to Committee on Gas.

REPORT OF COMMITTEE ON GAS.

Mr. McDonald, from the Committee on Gas, presented their report, as follows:

Gentlemen: Your Committee on Gas, after careful examination, would report favorably on the following petitions for the erection of gas posts: Corner of Fayette and Fulton streets, Fayette, between Fraziers and Fulton, Sheffield, between Bidwell and Frazier, corner River avenue and Gray's alley, corner of Locust and Chartiers streets, also Franklin and Chartiers, provided there is a main; corner Grant avenue and Beech street, Fayette, between Bidwell and Frazier, corner Fulton and Western avenue, southwest corner of Ohio avenue and Allegheny, corner Geyer alley and Veto street, the petitioners agreeing to pay the cost of laying the pipe. The petitions for the erection of a gas post on the corner of North Canal and Federal street is laid over for the present.

Report accepted and adopted.

S. C. concurred, provided the erection of the lamp-posts on North Canal and Federal streets be included.

C. C. receded and concurred.

REPORT OF COMMITTEE ON WHARVES AND LANDINGS.

Mr. White, from the Committee on Wharves and Landings, presented the report of that Committee, as follows:

Gentlemen—Your Committee, to whom was referred the resolution ordering the pavement along Duquesne way to be protected by a deposit of cinders, to report cost, would respectfully report that the character of the work is such that it would be impossible to arrive at the exact cost, also, that we can secure a deposit of cinders on very favorable terms, and as it is important that the work should be done at once, we recommend the passage of the following resolution, viz:

Resolved, That the Committee on Wharves and Landings be and they are hereby authorized to contract with Shoenberger, Blair & Co., for hauling and depositing on the bank of the Allegheny river the hard cinders from their blast furnaces on the following terms, viz: the city to pay the toll over the bridge and one-fourth part of the hire of the carts.

The report was accepted and the resolution adopted.

REPORT OF THE COMMITTEE ON ENGINES.

Mr. Megraw, from the Committee on Engines, presented the following report:

GENTLEMEN—Your Committee on Fire Engines report as follows:

1st. In reference to the non-acceptance of the Messrs. Harper & Gutman's wagon for the Fire Department, your Committee have reconsidered their action, and recommend the acceptance of the same, provided the firm will make a deduction in the different price of springs, wherein they differ from what the specifications call for, and also guarantee the same for a reasonable time.

2d. Your Committee recommend the increase of Mr. McCandless' salary as Superintendant of the Fire Alarm Telegraph, to $800, with a view of devoting his time to securing the efficiency of that system.

3rd. The purchase of the property adjoining the Columbia Engine House, on Lacock street, is regarded as essential to the efficiency of that company by this Committee, and your Committee respectfully ask authority to expend $1,500 with that object in view. Respectfully.

Mr. Hanna moved the acceptance of the report. Carried.

Mr. McNeill moved the adoption.

On motion of Mr. Hanna the report was accepted.

S. C. concurred, provided the contract terminated at the discretion of Councils.

C. C. receded and concurred.

The first resolution, relative to the acceptance of the wagon from Harper & Gutman, was adopted.

The second resolution, relative to the increase of the salary of the Superintendent of the Fire Alarm Telegraph was then taken up.

Mr. Hastings moved that the resolution be referred back to the committee with power to employ the Chief Engineer of the Fire Department at a salary of $200 per annum, to take charge of the Telegraph.

Mr. Slack moved to amend by making the salary $300.

After some dissussion Messrs. Hastings and Slack withdrew their motions.

Mr. McNeill then moved to refer the resolution back to the Committee, and to report all the facts in the case. Carried.

REPORT OF THE COMMITTEE ON MARKETS.

Mr. Hanna, from the Committee on Markets, presented their report as follows:

GENTLEMEN:—Your Committee on Markets would respectfully report that they had before them the proposition of Mr. Gray, of the Second ward, wherein that gentleman agreed to transfer his scales to the city, keep them in good order and pay half the value of an attendant one day per week, Monday, (being the principal day,) agreeing during the balance of the week to attend to them personally, returning an accurate account of the business thereof, provided the city would allow him one one-half of the net proceeds. Your Committee were at first inclined to report favorably upon the above proposition, but after a more thorough exchange of opinion it was thought best to submit the facts in the case to Councils. First, the scales belong to Mr. Gray and are used by him in the line of the business; upon no consideration would he make an absolute disposal of them; he is willing, however, to negotiate with Councils, signifying his disposition to comply with any reasonable arrangement made by Councils. Owing to the inadequate capacity of the Second ward scales to do the work in the required time Mr. G's scales were brought into requisition more for the purpose of retaining his (Mr. Gray's) legitimate business than as a source of revenue to him. Of course this is clearly an infraction of the act of Assembly, and Mr. Gray is consequently liable to the fine in such cases made and provided. The phase of the erection of new scales was discussed, and although the city has a two story brick building, doubtless originally intended for a weigh house, besides ample property for the erection and proper maintenance of new scales, the Committee did not feel at liberty to so recommend to your honorable bodies for the reason that such an enterprise carried with it the constant employment perhaps of an attendant whose wages would probably be in excess of the gross revenue of the scales. The house and property referred to as belonging to the city, is now used as a necessary appendage to the scales of Mr. Gray by those doing business in the weighing line, not one cent of revenue being received therefrom by the city. Your Committee are of opinion that a temporary arrangement might be entered into with Mr. Gray with the object in view at some future period of erecting more capacious scales.

The report was accepted.

Mr. Megraw moved to instruct the Committee to build new scales. Lost.

Mr. Tate moved to instruct the Committee to contract with Mr. Gray on the best terms possible for the use of his scales.

After some discussion on the motion, Mr. McNeill called for the yeas and nays, which was carried, and resulted in seventeen votes against, and nine votes in favor.

Mr. Clark moved to reconsider the vote on Mr. Megraw's motion, instructing the Committee to build the scales.

The yeas and nays were called on this motion, resulting in its passage by a vote of 18 yeas and 8 nays.

Mr. Megraw's motion was then adopted.

REPORT OF THE COMMITTEE ON POOR FARM.

Mr. McNeill, Chairman of the Committee on Poor Farm, presented their report, as follows:

GENTLEMEN.—The undersigned would respectfully report that in pursuance of a resolution of Councils, the Directors of the Poor advertised asking for proposals to sell to the city of Allegheny a farm for a Home for the Poor of said city; some forty offers were received for farms that were distributed over nearly every section of the country. The greater number were from the South and east of the rivers. We did not think it likely that Councils would favor a location either south or east of the rivers, if a suitable place could be reached without crossing the said rivers. Hence, our examinations were confined almost exclusively to our own side.

Of these offers not over two or three are in any way suitable. The greater number are hilly, inaccesible and without an adequate supply of water or coal, and we are free to say that none offered as known to us is in every respect just what would be desired, But upon thorough and patient examination, we are of the opinion that the farm offered by Mr. and Mrs. Brackenridge is the best and most suitable that the city will have an opportunity to purchase. It is situated about twenty-one miles from the city, on the Western Pennsylvania Railroad, close by and east of Tarentum. It contains one hundred and fifty acres, all of which is susceptible of cultivation. It lies and gradual plain fronting the Southeast, and extending from the main road leading to Freeport to the West Pennsylvania Railroad, a plot of which is hereby submitted. It has three very favorable building sites, from either of which every acre of ground can be seen, and to which an abundance of soft spring water will flow without any cost except for pipes. Nearly the whole tract is underlaid with coal, the bank was opened and proved to be as good as any in that section. The land is not now very productive, having been cropped out and somewhat run down, but the soil is naturally loose and good, easy to keep up, and with proper management, in a short time may be made as productive as any land in the county. There is on the place a young orchard of fruit trees and a vineyard of twenty-two hundred vines just beginning to bear. There are also three small houses on it, two of which may be made permanently useful. The other is old and would be torn down, being of no value whatever. The price of this farm is three hundred and seventy-five dollars per acre, ten thousand dollars cash on the delivery of a satisfactory deed, and the balance in five equal annual installments, with interest.

The only unfavorable feature in this farm is the distance from the city. In every other respect it is very suitable, and upon the whole it is believed to be much the best offered. All of which is respectfully submitted, and they would ask the adoption of the following resolution:

Resolved, That the Directors of the Poor are hereby authorized to purchase the said farm from Mr. and Mrs. Brackenridge on the best terms they may be able to obtain, the title to be examined by the City Solicitor in connection with S. H. Geyer, Attorney.

H. M'NEILL,
M. G. CLARK,
W. TATE, JR.,
A. WEISE,
W. KREBS,
Committee.

Mr. Tate moved that the report be accepted and adopted.

Mr. Warner said that he understood there was a gentleman who had made a proposition this evening for a site for the farm, which was a very desirable one, and he was opposed to hasty action in the matter.

Mr. Megraw was opposed to hasty action and was not in favor of locating the farm so far away from the city. It should be nearer, where members of Councils, and citizens generally, when they wished to visit it could have easy access to it.

Mr. Slack was in favor of postponing the matter at present, as it was of importance.

Mr. Tate said that advertisements had been issued for some months past for proposals for a site for the farm, and he thought, therefore, there was no use of deferring action in the matter.

After some further discussion, Mr. Hastings moved that action on the matter be postponed until the next meeting. Carried.

Mr. Cutler presented a communication from F. Braun, complaining of the action of certain parties in unlawfully opening Jalappa street, in the First ward, whereby his property is damaged and the lives of pedestrians endangered, and asking the protection of Councils. The paper was accepted. (Not reached in S. C.)

Mr. Cutler then offered the following:

Resolved, That the Street Commissioner be instructed to enforce the ordinances as they are at present. Adopted. (Not reached in S. C.)

In all business not otherwise noted S. C. concurred.

On motion adjourned.

A Bark Destroyed by Fire.

OCTOBER.

Oh, crickets, hush your boding song!
I know the truth it makes so plain—
Y say that autumn dies ere long,
And soon the winter's wrath and wrong
Will chill the pallid world again.

Oh, mournful wind of midnight, cease
To breath your low prophetic sigh;
Too e arly for my spirit's peace
I see the mellow days' decrease,
And feel December drawing nigh.

Fall silently, October rain,
Nor take that wailing under-tone—
Nor beat so loudly on the pane,
The sad, monotonous refrain
Which tells me summer-time has flown.

Be charier of your golden days,
Oh, goldenest month of all the throng!
Oh, pour less lavishly your rays!
Hoard carefully your purple haze,
So haply it may last more long!

Spendthrift October! art thou wise,
Who wasteth in thy plenteous prime
More beauty on the earth and skies
More hue and glow, than would suffice
To brighten all the Winter time?

Yes—better Autumn, all delight,
And then a Winter all unbiest,
Than months of mingled dark and bright,
Of faded tints and pallid light,
Imperfect dreams and broken rest.

Ah, better if our life could know
One wholly happy, perfect year,
One time of cloudless joy and glow—
And then its days of rayless woe—
Than this commingled hope and fear.

This doubt and dread which naught consoles—
Which marks our brows ere manhood's prime;
This dark uncertainty which rolls
Like chariot-wheels across our souls,
And makes us old before our time.

So pour your light, October skies,
Oh, fairest tints which ever are!
Put on, O, Earth, your bravest dyes,
And smile, although the cricket cries,
And Winter threatens from afar!

—The American nine beat the All England cricketers at a game of base ball at Morrisania Friday afternoon. The score was 20 to 11.

—On the 7th of October a meteor was seen in London that was so brilliant that the lights of the gas lamps were invisible for about five seconds.

—Current European rumor says Madame Ristori cleared $740,000 in this country. We think there must be a decided expansion of the currency there.

—Two German students have climbed up and down the Grosshorn, one of the Bernese Alps. This is the first time the feat has been accomplished.

—Mrs. Stephens, the novelist, is writing a Life of Andrew Johnson. Poor woman! has she no friends to attend to such a marked symptom of insanity.

—Gough always feels "stage-fright," he says, although he has spoken two hundred and fifty times in New York and three hundred and fifty in Boston.

—Palmer of Niblo's Garden fell the other day at his theatre and sprained his ankle, but as he is not one of his dancers his accident is not a public misfortune.

—The Chicago *Republican* of Saturday says: "Mr. Horatio Seymour will lecture in this city to-night for the benefit of a New York Colored Orphan Asylum."

—Oliver Dyer, the Columbus of the "wickedest men" says Boston can fairly compete with New York in the quality of its wickedness, but not in the quantity.

—Omaha Indians are said to tie their paper collars on with shoe strings, because, excepting the collar, they wear no other garment to which they could button them.

—New England used frequently to indulge in earthquakes, when the Puritans first came there, but their severity soon put a stop to any levity of that sort on the part of New England.

—A lady being asked for a receipt for whooping cough, for little twin patients, copied by mistake something referring to the pickling of onions, which said, "If not too young, skin them pretty closely; immerse in scalding water; sprinkle plentifully with salt; and leave them for a week in strong brine."

—The New York *Mail* is a very enterprising paper. It has found out that Mr. Belmont keeps two French cooks at immense salaries, and that these cooks get up the best dinners in town.

—A small child being asked by her Sunday-school teacher, "What did the Israelites do after they had crossed the Red Sea?" answered, "I don't know, mama; but I guess they dried themselves."

—Jno. B. Magruder, ex-General of the ex-Rebel army, and ex-Lieutenant Higgins, of the ex-Rebel Navy, were arrested the other evening in New York for being drunk and disorderly and insulting females.

—Mrs. Swisshelm's great novel, at which she has worked for four years, is about to appear in the St. Cloud, (Minn.) *Journal*, a fact which will undoubtedly add considerably to the circulation of that paper.

—Dr. McCosh, the new President of Princeton College, in a recent impromptu speech made to the students who crowded around his house to welcome him, pledged himself to become a thorough American.

—Col. Wood, one of the six colonels selected by the Rebel Government to be hung in case the pirates then on trial in New York should be executed, is now a Republican candidate for Congress in Brooklyn.

—Brigham Young, Jr., has been elected one of the twelve apostles of Mormon, to take the place left vacant by George A. Smith, a cousin of the original Joseph, who has been elected Vice President in Heber Kimball's place.

—An exchange gets off the following:
At the top of the poll—the hat.
A pious invitation—"Let us pray."
An order to dinner—"Lettuce, pray."
The resolve of the landlords—"Let us prey."
The fountains' invitation—"Let us spray."

—The King of Paris, *restarauteurs*, Pacal of the famous *Mason Philippe*, is dead. He kept the recipe of his celebrated *Potage a la bisque* so secret that no one knows it at all, and the only hope of French gourmonds is that the recipe will be found among his papers.

—We hope Mr. Seymour's "friends," the rioters, will not be in this city on Wednesday night. Of course, the turn out to see and hear so prominent a man will be large, and we hope it will be as orderly as it is large. Any insult offered to a man in the present position of Seymour would only rebound on the insulter.

—Upon fastening the hook into the body of one of the men buried in the central shaft of the Hoosac tunnel, in order to pull it out, last week, it caught in the neck and fresh blood, it is said, spurted from the wound thus made. The story would seem incredibate, as the accident at the shaft occurred almost a year ago.

—Five miles east of Green river, on the line of the Union Pacific Railroad, a rock has been on fire in a large cut. When it first became ignited the laborers endeavored to extinguish it by throwing water on it, but in vain. They then tried to smother it with earth, and failed. It is thought to be sandstone saturated with petroleum.

—"Hurrah for Hell!" was the significant motto on a transparency in a Democratic procession at Mattoon, Illinois. Evidently the getter up of that banner had an idea of whither the Democratic party is drifting, and wanted to curry favor by getting up a little enthusiasm in advance. Frank Blair spoke to the procession when it halted.

HENRY WARD BEECHER gives young doctors the following advice: "It is nature that cures. The less a doctor does the better for his patient. It is the doctor's business to take the credit of what nature does. Cultivate a look of mystery. Every mother of a sick child studies the doctor's face. Come in softly, but with an air of a mild conqueror. Look piercingly at the patient. Then look from one to another of the persons present. Say to the nurse, in a low tone, 'I think you have a right view of the case;' and before you leave say to the mother, 'I could not have done better for the case myself than you have done.' If the child gets well, as it will, nine times in ten, if you let it alone, you will have the credit in that family of extraordinary skill. If it dies, it will only bring out the moral view, 'We must all die. When one's time comes no skill can cure, &c.' But if you really mean to try the medicine dodge, you must choose your school. If you are to be an allopathic you need but three things: opium, calomel and antimony. Anything that can not be reached by them ought not to be cured. With these three swords you can slay all diseases or all the patients; and in either case, there is an end of suffering. If you select the homeopathic treatment, you have only to buy a manual and a box, about as large as a cigar-box, of pillules or tinctures. After a little time, you can put pill to symptom as rapidly as the post office clerk can distribute to names and boxes. In silence and mystery are not your *forte*, you may have equal success by judicious talking. Many people can be talked out of anything. If laudatory words do not abate symptoms, they may increase reputation. The patient may die, but, if those that still live think that you are 'the most knowing doctor they ever met,' (and it's your fault if they do not,) then you are sure of being called again. Always have an eye to the future. Whoever dies, see that the living like you. Dead men furnish no practice."

IN A NEW BOOK written by a member of the Louisiana Tigers, a military organization which gained extended notoriety during the war, as being made up of the worst elements of the City of New Orleans, there is much to comfort the supporters of Seymour and Blair. From the first chapter of the advance sheets of this expose, published today in a morning newspaper here, the following paragraph is taken:

"It was currently reported and fully believed through all the army of Gen. Lee, that Mr. Vallandigham and other leading Democrats of Ohio, New York, and Pennsylvania, had arranged a plan by which risings and riotous meetings should be inaugurated on the Fourth of July in all the great northern cities. The scheme failed, except in New York, and there it came so late as to be of no avail in our behalf at the Gettysburg battle."

OUR neighboring county, Perry, heretofore one of the strongholds of Democracy, gave a majority of sixty for the Republican ticket, on Tuesday last. This must be particularly refreshing to Haldeman and his Copperhead friends, who expected to carry this Congressional District by an increased majority.—*York Democrat.*

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY, October 26, 1868. }

The general markets present nothing that is really new of important, and nothing encouraging to holders of produce of any kind on speculation. Wheat, according to telegrams from Chicago, to-day, has not found its level yet, No. 2 being quoted down to $1,17 to $1,18, and strange as it may appear, speculators are as timid now about taking hold of it as they were thirty days ago, when it was fluctuating between 1,50 and 1,60. It is the stringency in the Chicago money market that is aiding the "bears," and forcing holders to sell at whatever price they can get, though Wheat, like many other articles, was entirely too much inflated, and would naturally, of its own weight, have declined, but the decline would not have been so rapid. In sympathy with Wheat, Flour is also dull and drooping.

APPLES—In good supply, and dull but unchanged; sales in a regular way, at $2,50 to $3,50 per bbl, for fair to choice.

APPLE BUTTER—Is quiet and unchanged; sales in kegs at 75 to 85, and in crocks, at 90.

BUCKWHEAT FLOUR—$5,50 to $6 per cwt.

BUTTER—Is quiet and dull, with a supply considerably in excess of the demand; sales at 30 to 35 for packed, and 38 to 40 for prime Roll.

EGGS—Scarce and higher; fresh packed being quoted at 30c.

CHESTNUTS—Steady at $6 per bushel.

CRANBERRIES—Supply very light and prime eastern cultivated may be quoted at $16 to $17 per bbl.

CIDER—Is quoted at $6 to $8 per bbl, according to quality and size of barrel.

CHEESE—Is steady with regular sales at 17 to 20c, as to quality.

HAY—We can report regular sales of prime to choice baled at $28 to $30 per ton.

POTATOES—Sales of Peach Blows and Neshannocks at 95 to $1 per bushel. Jersey Sweets scarce and higher, and we now quote at $5,50 to $6 per bbl. Baltimores $5 to $5,25.

ONIONS—In better supply and easier; we continue to quote, however, at $5 to $6 per bbl.

PROVISIONS—Bacon is quiet, and prices are unchanged at 13½ lor shoulders; 16 to 18c for Ribbed and Clear Sides; and 20 for Sugar Cured Hams. Prime kettle rendered Lard 19½ to 20c. Mess Pork, $30,50 to $31.

LARD OIL—Is firm but unchanged at $1,25 for No, 2, and $1,50 for No. 1.

SEEDS—Flaxseed is in steady demand at $2,50, and but little offering. Timothy Seed is dull and unchanged at $3 to $3,25.

SALT—Dull and unchanged; Allegheny river brands $1,75 to the trade, and $1,90 to $2 for small lots.

GRAIN—Winter wheat in consequence of small receipts, is still quoted nominally at $1,90 to $1,95, though the demand is very light. No demand whatever for Spring Wheat in this market. Oats scarce and steady but unchanged at 65 to 66 on track, and in elevator, and 68 to 70 in store. Old Corn is quiet and dull but unchanged; we quote at $1,12 to $1,13 for prime Yellow, and $1,00 to $1,10 for mixed. Sale of one car Rye at $1,48. Barley irregular and unsettled; we can report 1 car No. 2 Chicago at $2,10. Prime State Spring, $2,20, and do Fall $2,30.

FLOUR—Is dull and weak, with a drooping tendency. We continue to quote Spring Wheat brands, $8 to $8,50, for fair to good, and $8,75 for choice. Winter Wheat Flours, range from $9,50 to $10. Rye Flour $8,50.

RIVER NEWS.

The rain, which set in on Sunday, was of short duration, scarcely enough falling to wet the ground, and as the weather has again cleared up, the prospects for a rise, we regret to say, are by no means encouraging.

As will be seen by card. Captain A. H. Shaw's new boat is announced to leave for Arkansas river next Saturday week, by which time, it is hoped, there will be water enough to let her out.

The Ida Rees, Capt. Stubblefield, is announced for New Orleans and Trinty river, in Texas. She is undergoing some material alterations and improvements, which, when completed, will add very much to her appearance.

Capt. Hugh Campbell, of the Mary Davage, is in the city.

Mr. Jas. Wilson, an old and well-known steamboat stewart, died at his residence, in Allegheny, on Sunday.

—Lawrence Bataille died suddenly up the Yazoo, of congestion of the bowels. He was for years a steamboat clerk on Yazoo river.

—An exchange says: The small sternwhel steamer F. W. Brooks, which is owned by the White river packet company, and runs in connection with the above line, sunk in Little Rock river on Saturday evening. She will be raised and on the track in a few days.

—The Importer, Capt. John A. Williams, is meeting with great encouragement already in the Arkansas and New Orleans trade. On her way down she went into Vicksburg very well laden, and there took on a lot of cotton, and left for New Orleans with 1000 bales. It looks as if John would yet come out all right.

—Douglas Richey, a well-known steamboat pilot, formerly of New Albany, died at his residence, in Winona county, Minn., sixteen miles from Winona, on Saturday last, of dropsy. Mr. Richey first learned to pilot from St. Louis to New Orleans, but afterward learned the river between Louisville and New Orleans, under Chris. Damon, on the Eclipse. Peace to his ashes.

—The St. Louis *Republican* says: The New Orleans and Vicksburg packets have, we understand, agreed to refuse all reshipping freight carried to the last mentioned point by the St. Louis and Vicksburg packets, on condition that the Saint Louis and New Orleans boats refuse to take cotton for one dollar per bale—the packet rate being one dollar and a half. Better look out how you throw off on the "white collars," Capt. Cannon, they might have the assurance to put one or two boats in your trade on their own account—boats that could carry cotton at one dollar a bale, and make money.

—We clip the following from the Cincinnati *Commercial*, of Sunday: We have no further particulars relative to the sinking of the Gen. Quitman in the Mississippi river. She was only insured for $30,000 in Cincinnati offices, divided as follows: Citizen's, Boatmen's, Eureka, Union, Firemen's, Cincinnati, Western, Central, Buckeye State, and National $2 500 each, and the Enterprise, $5,000. The Cora S., sunk in Arkansas river, is insured for $5,000 in Cincinnati, equally divided between the Union and Central offices, the remainder being in Louisville offices. The Crescent and Boatmen's offices, of Cincinnati, have each $2,000 insurance on the Brooks, recently sunk in a tributary of Arkansas river. Captain John B. Davis, her owner, by request of the companies holding risks on the Brooks, has gone to the wreck to dispose of the same in behalf of the aforesaid companies. To say the least, this is a deserving compliment to Capt. Davis, who is recognized, wherever known, as a fair, square man. Mr. O. Palmer, agent for the Cincinnati Underwriters, left for the wreck of the Quitman, last night. The submarine Underwriter has been ordered from St. Louis to Cairo, where she will be subjected to Mr. Palmer's order. The sinking of the Quitman was caused by running on a snag, 20 miles above Bayou Sara. All her passengers were saved. The boat and cargo, consisting of 1,700 bales of cotton and 4,500 sacks of cotton seed, are reported a total loss.

"LET US HAVE PEACE."—*Grant.*

"LET US HAVE WAR."—*Blair.*

Major General, U. S. A."

"SEYMOUR AND BLAIR WILL GIVE US ALL THE CONFEDERACY FOUGHT FOR."—*Ex-Rebel Gov. Vance's speech at the Democratic Ratification Meeting in Richmond.*

We print on the inside pages of this morning's GAZETTE—*Second page: Poetry and Ephemeris. Third and Sixth pages: Financial and Commercial, River News, Imports. Seventh page: Agricultural Department.*

Gold closed in New York on Saturday at 134¼@134⅜.

THE DAMAGE to property, caused by the recent earthquakes in California, is estimated at from two to three millions of dollars.

OUR NEXT VICE PRESIDENT, HON. SCHUYLER COLFAX, marries to-day, at Madison, Ohio, Miss WADE, a relative of the late Senator from that State. Mr. COLFAX is also announced for a political address to-day, also at Madison.

ANARCHY makes progress in Louisiana. The riot of lawless violence, open murder and secret assassination swells daily, growing by what it feeds upon. Gen. ROSSEAU is even obliged to demand two additional regiments of soldiers, for the restoration of the peace. HORATIO SEYMOUR will tell his "friends" to-morrow that this is the result of Radical reconstruction, although *he knows* it to be the logical result of Executive hostility to the laws, and of the infamous teachings of his own Democracy. His cheek should blanch and his tongue tremble when he utters that falsehood! But none will see either.

HORATIO SEYMOUR'S nomination at New York was the accident which put an unforeseen end to another intrigue. The nomination of BLAIR was the settled purpose of every leading member of that body. It needed twenty-two ballots to drag the first to the surface, while the second was unanimously chosen on the instant. The first stands on a platform which does not represent his own often expressed opinions; the second asked the nomination, and got it, expressly on that platform's leading plank. What cheek in SEYMOUR, the interloping Accident, to ignore BLAIR, who is the purposed Embodiment of to-day's living Democracy!

SEYMOUR maintains everywhere his unkind repudiation of BLAIR'S BRODHEAD letter and his speeches, and proses about banking, taxation and finance generally. BLAIR, on the other hand, says reconstruction is the main and only issue, that it is idle to talk of greenbacks and taxation and, in his Chicago speech of last Wednesday, only three days in advance of his nominal superior, reiterated the essence of the BRODHEAD letter as follows:

"I say that it is the duty of the President to trample these (reconstruction) laws in the dust. I DO NOT TAKE BACK ONE SYLLABLE THAT I UTTERED UPON THAT SUBJECT."

Agree between yourselves, gentlemen, before you ask a joint support from the people. Will not Mr. SEYMOUR let us have peace in this regard to-morrow?

"SHALL WE HAVE A PARTIZAN COURT?" inquires the *Post* in deep anguish over the accession of Mr. H. W. WILLIAMS to the Supreme bench. That the grief of our contemporary is genuine, we have not the slightest doubt; but that it proceeds from the conviction, or even the reasonable suspicion, that Mr. WILLIAMS is capable of corruptly using the high powers confided to him, we do not believe, nor does any intelligent and unbiased resident of this city or county. Mr. WILLIAMS has been abundantly tried in the exercise of judicial functions, and not the shadow of a stain rests upon his reputation as a magistrate.

What, then, is the *Post* in grief about? For months past the Supreme Court has been notoriously and shamelessly run as a partizan tribunal, as witness its decision against the Registry act, and its general course in respect to Naturalization. All this while the *Post* defended and applauded the Court. It was precisely to its liking. Now, that a certainty has been created that the Court will cease partizanship, and impartially expound and apply the laws, the *Post* is brought into affliction, and proceeds to defame magistrates whom it despairs of perverting. Its maledictions are simply evidences of the incorruptibility of the Supreme Court as now organized.

THE MEETING TO-NIGHT.

HON. THOMAS HOWARD will address his fellow-citizens at the City Hall this evening. This is to be almost the last meeting of this canvass, and we bespeak for that gentleman a rousing reception by a full house. Mr. HOWARD has done loyal service in the good cause by his eloquent and powerful appeals in behalf of GRANT and Peace, and everybody will say so who shall hear him to-night.

POLITICAL ASSASSINATIONS.

FOR a number of years before the late rebellion broke forth, outrages upon persons holding unpopular opinions were common all over the Southern States. At last few Northern men were safe who ventured in the pursuit either of business or pleasure, into that section. Stealthy assassination or mob vengeance was almost certain to overtake them.

It was simply absurd to say, as was said, that symptoms so common were the result of individual peculiarities or disparities and not of a determination deep-seated in the masses of the community. When such indications appear over broad districts of country, they must be taken as furnishing evidence not to be lightly esteemed that a revolutionary outburst is not far off. Such proved to be the fact.

For months past the same manifestations have been conspicuous all over the States that were engaged in the rebellion. All manner ot personal violences have occurred and with increasing atrocity. These outrages have not been spasmodic and incidental, but regular and upon system. The intention has clearly been, and is, either to kill or drive out of the Southern States all men who do not heartily sympathize in the purposes of the late revolt, and who are not ready to engage in a new one as soon as the way shall be opened for it to enter.

These murders increased in numbers and boldness just in proportion as the Southern people became assured that the Democrats were likely to elect the next President and Vice President. Such a result they construed into impunity for whatever the discontented and violent men of the South might do. Nor was this a mistaken assumption. The complicity of the Democratic party with the leaders in the Rebellion, before it broke out and during its progress, is not a matter of conjecture, but of authentic history. That complicity remains in as full force and effect at this hour as at any former period; so that the election of SEYMOUR and BLAIR could not be otherwise understood, either here, or in other parts of the world, than as a triumph of reactionists—that is, of the rebels and their associates.

While the Republican successes in the recent State elections have dismayed some of the Democratic champions, a different effect has been produced on others of them. Mr. F. B. BLAIR experiences a prophetic afflatus, and predicts the assassination of Gen. GRANT, in case he shall be elected to the Presidency. Under ordinary circumstances, intimations auch as these might properly be regarded as the overflowing of bitter disappointment, or senseless chatter induced by intoxication. Neither of these explications will answer now. The Democratic party has not only made assassination one of its recognized instrumentalities, but has repeatedly made a victim of the executive head of the nation. What it has done once and again, it is no doubt ready to repeat, whenever it shall see the way clear through the most execrable of crimes to the accomplishment of its ends. Happily, it is not easy to see how the assassination of Gen. GRANT, when he shall become President, can inure to the advantage of the Democrats. With a Vice President of like political faith, and both Houses of Congress as well, nothing short of a massacre would admit them to the ascendency they seek.

Will they hesitate at that? The probabilites of ultimate failure are so great that only the blindest infatuation would incur so fearful a responsibility with so slim a chance of succeeding. Such is the present aspect of the matter.

Besides, as soon as the new administration shall be organized, the plotters of assassinations and new Rebellions will be confronted by the national power, wielded by experienced and courageous hands, and will be awed into submission and obedience or else meet those retributions which their crimes invoke.

A FRIEND OF SEYMOUR AND BLAIR.

It is well known that BLAIR'S nomination was secured by the active support of leading rebels like FORREST, HAMPTON and VANCE, and the candidate of the Fort Pillow butcher has has been properly stigmatized accordingly. Aware of the odium attaching to that barbarous massacre, FORREST and his Northern Democratic friends have striven to escape from it by denials of its really atrocious character. But the transaction now stands confirmed in all its shocking barbarity by the chief actor himself, whose official report of it, to the rebel authorities at Richmond, was captured among its archives, at Greensboro, North Carolina, by a member of the Fourth Ohio Battery, and is now given to the public by him in the Akron, Ohio, *Beacon*. Here it is, and, as the *Beacon* remarks, "if it does not show a general massacre, then we cannot understand the meaning of the English language:"

To Gen. S. Cooper, A. & I. General.

The following dispatch just received from General Forrest, dated Jackson, Tennessee, April 15th:

L. POLK, Lt. General—I attacked Fort Pillow on the morning of the 12th inst. with a part of Bell's and McCullock's brigades, numbering fifteen hundred, under Brigadier General J. R. Chalmers. After a short fight, drove the enemy, seven hundred strong, into the Fort under cover of their gun boats. Demanded a surrender, which was declined by Major L. W. Booth, commanding the United States forces. I stormed the Fort, and after a contest of thirty minutes captured the entire garrison, KILLING FIVE HUNDRED, and taking one hundred horses and a large amount of Quartermaster's stores. THE OFFICERS OF THE FORT WERE ALL KILLED, including Major Booth. I sustained a loss of twenty-five killed and sixty wounded, amongst the wounded the gallant Lieut. Col. Wm. M. Ried, whilst leading the Fifth Mississippi.

OVER ONE HUNDRED CITIZENS, WHO HAD FLED TO THEM FROM CONSCRIPTION, RAN INTO THE RIVER AND WERE DROWNED. The Confederate flag now floats over the Fort.

(Signed) N. B. FORREST, Maj. Gen.
L. POLK, Lieut. Gen.

Official copy of telegram received April 19th, and respectfully submitted to the Secretary of War.

(Signed) JOHN W. RIELY, A. A. G.

The foregoing document is endorsed as follows:

A STORY BY MRS. SWISSHELM.

For several years past Mrs. JANE G. SWISSHELM has been engaged on an original story, which she has just completed and put in the hands of the printer. It will be published as a serial in the St. Cloud, Minnesota, *Journal*, under the title of "Margaret Merlyn," and will doubtless secure for that enterprising paper thousands of new readers. We have not had the pleasure of perusing the story, but it is said to be the finest work of fiction yet supplied by the prolific and graceful pen of our home authoress. The scenes are laid in New England and the West, and the writer has drawn largely from every-day life for the characters which she arranges and disposes in an exceedingly interesting and clever manner. As the *Journal* purchased the copyright, those of our readers who desire to read the story should forward a year's subscription, two dollars, to the editor, W. B. MITCHELL, Esq., St. Cloud, Minnesota.

THE ONLY ORDER.

The address of the Chairman of the Republican Committee of Butler county, to his Union fellow-citizens, is a model document, Its simple meaning is "Push things"—and it may be read and adopted with profit by the Union men of every county in the Commonwealth. It reads as follows:

To the Union Voters of Butler County:

FELLOW REPUBLICANS: You have done nobly, but had General Grant stopped short of Appomattox the war would have been "A Failure," and the Democracy would have triumphed.

You have made me your Chairman. I hope you will obey the only order I have to issue, viz: *Let every Republican be on the election ground on the 3d of November precisely at 9 A. M.*

W. H. H. RIDDLE,
Chairman.

THE TERMS OF NINETEEN SENATORS of the United Statos will expire on the 4th of next march. These are CONNESS, of California; DIXON, of Connecticut; HENDRICKS, of Indiana; MORRILL, of Maine; SUMNER, of Massachusetts; WHYTE, of Maryland, (successor of JOHNSON); CHANDLER, of Michigan; RAMSEY, of Minnesota, HENDERSON, of Missouri; STEWART, of Nevada; FRELINGHUYSEN, of New Jersey; MORGAN, of New York; WADE, of Ohio; BUCKALEW, of Pennsylvania; SPRAGUE, of Rhode Island; PATTERSON, of Tennessee; EDMUNDS, of Vermont; VAN WINKLE, of West Virginia, and DOOLITTLE, of Wisconsin. So far as vacancies have been already filled or State elections held, the Republicans have lost WADE in Ohio, who is to be succeeded by THURMAN; while the Democrats have lost DIXON, of Connecticut; BUCKALEW, of Pennsylvania; HENDRICKS, of Indiana; and PATTERSON, of Tennessee. Four to one, so far, will do.

DOOLITTLE, of Wisconsin, is certain to be succeeded by a Republican, while it is possible, but not probable, that the Republicans may lose one in New Jersey.

THE Adrian *Journal*—outside of Detroit one of the leading organs of the Democratic party of Michigan—in an article on the President's late order, says:

"We have borne long and meekly the usurpations of Congress and the devilish impudence of military satraps, and we say now and at once, let President Johnson take the initiative steps and the strong arm of the people will be thrown around about him and support him to the bitter end. The present is no fitting time for sugar-coated words or weak deeds, and we distinctly and emphatically declare that if these newly organized negro governments at the South defeat the white vote of this country, or if three States of the Union are debarred from casting their ballots in the coming election because Raicalism fears they would cast their votes for the Democratic candidates: if, we say, these things are done in defiance of all constitutional law and justice, *we declare for another war*, and we mean it, every word of it."

Seymour's Question and Blair's Answer.

In his speech at Rochester, October 21st, Governor Seymour, the Democratic candidate for the Presidency, asks the following questions:

"Suppose the people of the United States see fit to elect a Democratic President and a Democratic Vice President, what then? Is your Government changed? Do we hold unqualified power? Could we make war? Could we control the legislation of the country? What will our powers be under the laws as they now stand?"

General Blair, the Democratic candidate for the Vice Presidency, had already announced the answer in his Brodhead letter of June 30th.

"If the President elected by the Democratic party enforces, or permits others to enforce these reconstruction acts, the Radicals, by the accession of twenty spurious Senators and fifty Representatives, will control both branches of Congress, and his administration will be as powerless as the present one of Mr. Johnson."

"There is but one way to restore the Government and the Constitution, and that is for the President elect to declare these acts null and void, compel the army to undo its usurpations at the South, disperse the carpet bag State Governments, allow the white people to reorganize their own governments and elect Senators and Representatives."

Seymour asks, "What could a Democratic President do if elected?" Blair answers, "Inaugurate a civil war."

ASTOUNDING FRAUDS IN INDIANA.—Astounding election frauds that were committed by the Democrats are constantly being detected in Indiana. The Republicans will contest the Legislative elections in nearly every county that gave a Democratic majority. Orth was swindled in his district out of 1,000 votes. County elections are contested in Orth's district, in Carroll, Fountain, Montgomery and Boone counties. At least 15,000 illegal votes were polled in the State.

"I VOTED the whole Democratic ticket on the 13th of October," said one of the most influential residents of Chestnut Hill, in this county, yesterday, "and on the 3d I shall put in a solid shot for Grant." And he only spoke for thousands more.

CITY AND SUBURBAN.

The Third Presbyterian Church.

This Society was organized in 1833, by the Presbytery of Ohio, at the request of nine individuals resident in this city. In June of that year the Rev. David H. Riddle, D.D., was called to be its pastor. He was installed January 15th, 1834. March 19th, 1857, Dr. Riddle was dismissed at his own request, to take another charge. Oct. 1st, 1857, the Rev. Henry Kendall was chosen pastor, entered upon the duties shortly after, and was installed in uly following. In November, 1861, he w s dismissed to accept the Secretaryship of the General Assembly's Home Missionary Committee. The Rev. Herrick Johnson was next called to the pastorate, entered upon the duties in November, 1862, and was installed January 11, 1863. Towards the close of last year he resigned and became the successor of the Rev. Albert Barnes at Philadelphia. Within a few weeks thereafter the Rev. F. A. Noble, of St. Paul, Minnesota, was called to the pastorate, and almost immediately commenced his labors. He has not yet been installed, nor do we hear that the day for his installation has been fixed.

The first edifice erected by this Society was situated at the corner of Third and Ferry streets, and was dedicated in August, 1834. In October, 1863, this building was totally destroyed by fire. Immediately measures were taken to secure a temporary place of worship, which resulted in renting Mozart Hall, on Seventh street, when a subscription was secured sufficient to warrant the movement, and proposals were received for a plan for a church building. The plan finally adopted was that offered by Sloan & Hutton, architects, of Philadelphia.

This building was so far advanced that last fall the Lecture Room was first used for the regular Sabbath and other services of the Congregation. On next Sabbath the main audience room will be occupied for public worship, which will be the first occasion of its intended service.

This building is situated at the corner of Sixth Street and Cherry Alley, The lot is 120 feet on Sixth Street by 240 on the Alley. The extreme dimensions of the edifice, measuring from outside to outside of buttresses, are 103 feet in front, and 197 feet in depth. The exterior height, from the floor to the ridge of the roof, is 85 feet.

The main floor comprises Vestibule, Audience Room, Lecture Room, Pastor's Study, Church Parlor, and all the appurtenances of a first class modern establishment. The Vestibule is of irregular shape, measuring thirteen feet by ninety. The Audience Room, measuring on the floor, is ninety-one feet six inches in length by seventy feet in width. The Gallery is horse-shoe shaped, covering but a small portion of the floor, and running back over the Vestibule, and will seat two hundred and fifty persons. The Organ is located behind the desk. The interior length of the Audience Room, measuring from the back of the Gallery to the back of the Organ, is one hundred and twenty feet.

The rear building on the main floor contains the Pastor's Study, the Lecture Room, the Church Parlor, the halls leading thereto, besides various offices. This part contains the only second story, which is conveniently divided into five rooms for Bible Class and Sunday Schools.

The building is in the Norman style of architecture, and is constructed entirely of Freeport stone, finely dressed throughout, and elaborately ornamented in many portions. The interior finish of the main Audience Room is executed entirely with Black Walnut. The windows are of stained glass, with the colors and devices tastefully selected. The large window in front, opening upon the Gallery, and throwing a mellow lustre over the whole interior, is a master-piece.

The Pews are divided into three blo ks, by four aisles; 152 Pews on the gro nd floor, and 58 in the Gallery, furnishing accommodations for 1,300.

Thirty-six argand burners, placed in the ceiling, behind discs of ground glas , of two foot diameter, with metallic reflectors, furnish the requisite light for evening s rvices.

The Organ is eleven feet deep, twenty wide and thirty-three high. It has thirty nine draw stops, of which thirty-one are speaking stops, and run thr gh. All are made available by mechanical ntrivances. The object of the Organ Comm ee was to place in the Church an instrume which would in every way meet the requi ments of the Society, alike for services for cheerful occasions, and be an ornamen to the building as well as an embellishme t to the service. To this end a contract wa made with the Messrs. Hook, of Boston, who have embodied in this instrument various improvements, which, with the best materials and the most skilful workmanship, give it rank second t none in the State, except in size.

The Audience Room is warmed by a low pressure steam cylinder boiler, twenty feet long and thirty-two inches in diameter, which is located in the basement under the front Vestibule. The steam is distributed by eight clusters of "Gould & Vining's Radiators," of sixteen pieces each placed in the basement under the corridors, with adjustable registers to admit the heat. Eight cold-air registers are distributed in different parts of the floor, for drawing the cold air downwards so as to form a constant circulation in the building. The rear building is warmed by the same apparatus, regulated and distributed by flues and registers in the walls, and so arranged that either or both stories can be warmed, as may be desired.

The cost of the building, so far as it has progressed, including the lot of ground on which it stands, is $240,000. The spire has been com pleted only to the belfry, and it is estimated that $40,000 will be required to finish it. The cost of the organ was $9,000. So that the property, as it now stands, has cost $249,000, and when finished will stand the Society in $289,000.

The building is throughout symetrical and harmonious, and presents a majestic appearance. It is an ornament to the city, and a m nument to the good taste, enterprise and liberality of the Church and congregation to which it belongs.

THE COURTS.

Supreme Court.

Court met at the usual hour. Present: Judges Thompson, Read, Agnew and Sharswood.

On the opening of Court, the commission of Judge Williams was read by T. J. Keenan, Esq., Prothonotary, after which the oath was administered by Chief Justice Thompson. Judge Williams then took his seat on the bench

The following opinions were delivered:

BY READ, J.—M'Daniel vs. Cutler. Erie country. Decree affirmed with this variation, that the costs of this appeal and of the proceedings below shall be paid equally by the plaintiff and defendant—each paying one-half.

Densmore vs. Haggerty, Erie county. Judgement reversed and *venire de nova* awarded.

W. H. Sechler, of Cambria county, was, on motion of R. L Johnston, Esq., duly admitted and qualified to practice in this Court.

The list for the counties of Westmoreland, Armstrong, Indiana and Cambria was called over.

The following cases from Cambria county were *non prossed*: Davis et al. vs. Litzinger; Allenbaugh vs. Burk, The following cases were continued: Pringle vs. Pringle; Smith et al. vs. Brotherline; Moore et al. vs. Wolf et al., Armstrong county; Montgomery vs. Dougherty, Armstrong county.

Moore vs. School Directors; Cambria county. Argued by Reade for plaintiff in error, and by Johnson, contra,

Caldwell vs. Loudon; Armstrong county. Submitted by Golden & Neale for plaintiff in error, and by Boggs and Gilpin, contra.

Green's appeal; Armstrong county. Argued by Smith for appellant, and by Golden, contra,

O'Donnell vs. Allegheny Valley R. R. Co.; Armstrong county. Argued by Barclay for P. in E., and by Golden, contra.

Stewart's appeal; Westmoreland county. continued.

Quarter Sessions—Judge Mellon.

Court met at ten o'clock A. M. yesterday, Judge Mellon on the bench.

The case of John Conover, indicted for horse stealing, was the first one called up. He was charged with stealing a horse from R. White, residing on the Washington road. The jury found a verdict of guilty, and the prisoner was sentenced to undergo three years' imprisonment in the Western Penitentiary.

John Kessler was arraigned on an indictment charging him with committing a felonious assault and battery upon John Henry Sabitz. The prosecutor resided in the old Fifth ward, and alleged that the defendant shot him in the eye, nearly destroying the sight. The pistol was charged with a w ad, and the wound was inflicted by it. The jury found a verdict of not guilty of the felony, but guilty of unlawfully wounding Sabitz. Sentence deferred.

The next case taken up was that of Alex. M. Hyatt, indicted for administering stupefying mixtures with criminal intent. This case will be remembered as the "Waldron outrage case." The case was called up, but the prosecutrix, Kate Waldron, was absent. The jury gave a verdict of not guilty, and the defendant was discharged.

The next case taken up was that of the Commonwealth vs. Joseph D. Grimes, indicted for the larceny of a pocket book belonging to Wm. W. Field, containing, according to the testimony of the prosecutor, twenty-eight dollars.

Cheap Fuel.

Any good plan which will reduce the cost of fuel will, we are certain, prove very acceptable to our readers. Here is one which we are assured has been tried and to work well—in some particulars. Take up a position in front of your residence, wait patiently until a wagon loaded with coal comes along; step up briskly to the driver and ask where it comes from. Upon ascertaining, state very sharply that you paid for that coal in advance and have been kept waiting nearly all day for it, although it was promised immediately. Show the fellow where the article must be put and direct him to unload as speedily as possible. Of course he will be completely dumbfounded by your airs and manners, and like a lamb, follow out your directions. Thus you will have your fuel at the expense of your conscience only, and if this be as elastic as it should be in such a case, the cost will be very trifling.

There is one slight objection, however, which should be noted. It sometimes don't prove as economical as it should do.

Mr. Simpson Ellicott tried it yesterday. He got by the plan two dollars and fifty cents worth of coal from Mr. John McCarthy, one of Mr. David Steen's drivers, but it will likely cost him something more than that amount before he gets quite through with it. The driver whom he hitched upon, recovered from his meekness subsequently and lodged an information against him before Alderman McMasters for false pretence, and officer Blondin is in search of him.

CONVENTION OF CATTLE COMMISSIONERS.

The Cattle Commissioners of New York have issued a circular recommending that a Convention of the Commissioners of the several States and Canada be held in the ity of Springfield, Illinois, on the first day f December next. The object of the convention is to consider the history of the exas cattle fever and other infections and ontagious diseases to which cattle and s eep are subject, and the best method of p venting the spread of such diseases.

COUNSEL FOR THE CARELESS.

The body is a machine, and carelessness in its management is as sure to lead to evil results as carelessness in the management of a steam engine. Yet the last thing that most people think of is the protection of this delicate piece of the Creator's handiwork from the subtle causes of disease by which it is surrounded. It is no easy thing to repair the system when in ruins; but there is no difficulty in fortifying it against many of the dangers to which it is exposed. Guard against nervous debility. At the first symptom of this fore-runner of more serious ailments, sustain the flagging energies of nature with HOSTETTER'S STOMACH BITTERS. Take it regularly and persistently, until bodily vigor is thoroughly restored. It creates an appetite, promotes—or, it might as properly be said compels—the complete digestion of the food, regulates the secretive action of the liver, tones and invigorates the bowels, improves the condition of the blood, and gives firmness to the nerves. Upon a system thus strengthened and regulated in all its important functions, the fogs and exhalations of autumn, pregnant with the elements of intermittent fever can make little or no impression. Whoever supposes that fever and ague is an unavoidable evil in certain districts, at this season of the year, is egregiously mistaken. As effectually as a draught of cold air is shut out by the closing of a door, this complaint, and all disorders of a miasmatic type, may be prevented by the use of the BITTERS. When sickness can be avoided by a means so safe and simple, is it not the merest fatuity to neglect the proffered antidote? Regarded either as a preventive or a cure for dyspepsia, biliousness, intermittent fever, nervous disorders, general debility, or constipation of the bowels, this pure vegetable preparation stands alone.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out the animal economy all effete and used up material. Dr. KEYSER'S LUNG CURE is enriched by some of the most valuable plants and herbs known to be useful and curative in all deteriorated states of the human blood, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, so hopelessly incurable, and so most surely fatal. Let any one afflicted with any pulmonary disease try but one bottle, and they will be convinced of the value of Dr. Keyser's Lung Cure. Sold by the gross, dozen or single bottle, at Dr. KEYSER'S Great Medicine Store, 140 Wood St.

AN AUTOGRAPH LETTER FROM

GEORGE D. PRENTICE, Esq.,

Editor of the "Louisville Journal."

LOUISVILLE, Nov. 5th, 1866.

DR. LIGHTHILL—DEAR SIR: I am very sorry to learn that you contemplate leaving Louisville at the end of the present week. I earnestly wish that your engagement elsewhere might permit you to remain here for a longer time.

Your sojourn among us, Dr. Lighthill, will be long remembered by our people. It has been a blessing to many. You have treated me and a female member of my family with great success. You seem to me to understand, as by intuition, the character of a malady and its best remedy. You have a multitude of patients in this city, and I have not seen or heard of one to whom you held out the promise of relief without rendering it. Your entire practice among us has been a brilliant success, and I cheerfully recommend you to my friends and the public at large as a physician deserving the utmost confidence.

Hoping that you may live long to be a blessing to additional thousands of the afflicted, I am, very truly, yours, GEORGE D. PRENTICE.

TESTIMONIAL FROM THE

REV. JOHN NOTT, D. D.,

Professor in Union College, Schenectady.

SCHENECTADY, January 17th, 1866.

DR. LIGHTHILL—SIR: Having been cured by you of a discharge in an ear, which has been very offensive of late, and, far back as I can rememoer, always more or less so, and having been entirely restored to hearing since under your care, I feel that I cannot withhold this acknowledgment from any use it may be to others, especially as I have applied in vain to my family physician and other physicians of reputation. Yours truly,

JOHN NOTT.

LETTER FROM

C. C. WAITE, Esq.,

Proprietor of the Sherman House, Chicago.

CHICAGO, November 6th, 1868.

DR. LIGHTHILL—DEAR SIR: I wish to express to you the appreciation of your skill as a practitioner, particularly in the relief afforded many afflicted with Catarrh; I, myself, having received permanent benefit from your treatment. Congratulating the afflicted in the West of an opportunity to avail themselves of your invaluable services, and wishing you much success, I am, yours very truly,

C. C. WAITE.

LETTER FROM

CAPT. SILAS F. MILLER,

Proprietor of the Burnett House, Cincinnati.

BURNETT HOUSE February 9th, 1867.

TO MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

T&F SILAS F. MILLER.

NEW ADVERTISEMENTS.

GOLD BONDS

OF THE

Central Pacific Railroad Co.,

A LIMITED QUANTITY of the Thirty Year Six Per Cent. First Mortgage Bonds of the Central Pacific Railroad Company are offered to investors, for the present,

At 102 and Accrued Interest, in Currency.

These Bonds are secured by a Trust Deed upon the most important link of the great Inter-Oceanic Railroad, two-thirds of which is already built, at a cost of nearly

ONE HUNDRED MILLIONS,

And which enjoys already a self-sustaining way traffic. The whole line of continuous rail between

NEW YORK AND SAN FRANCISCO,

Will be completed by July next, when an immense through business will undoubtedly follow. More than **1,200** MILES of the distance between the Missouri River and the Pacific Ocean are already traversed by the locomotive; and it is probable that **300** miles additional will be completed during the current year. The future of this Line, therefore, is unusually promising. The

Central Pacific Railroad Co.

Receive from the United States Government about ten millions of acres of the

PUBLIC LANDS,

Situated along the line of their Road; also a Subsidy Loan of U. S. SIX PER CENT. BONDS, averaging **$85,000** per mile, as fast as the sections of twenty miles are completed. They have received in addition, important GRANTS from the State and cities of California, worth more than **$3,000,000** IN GOLD. The proceeds of these Lands, Bonds, Capital Stock, Subscriptions, Subventions, and Net Earnings are invested in the enterprise, to which is added the amount realized from First Mortgage Bonds. THESE LATTER HAVE THE FIRST LIEN UPON THE WHOLE PROPERTY, and are issued to the same amount only as the Government advances, or to the extent of about one-third the cost value of the Road, equipment, etc.

The Cash Resources are abundant for the completion of the work, and the NET EARNINGS, FROM THE WAY TRAFFIC UPON **350** MILES NOW OPEN FOR BUSINESS, ARE MORE THAN DOUBLE THE CURRENT INTEREST LIABILITIES.

☞ Besides a mileage upon all through business, this Road, having the best lands for settlement, the most productive mines, the nearest markets, and being exempt from competition, will always command LARGE REVENUES, WHICH ARE WHOLLY IN COIN.

Two-thirds of the entire Loan is already marketed, and judging by past experience, the Loan will soon be closed. Investors who desire an unusually safe, reliable and profitable security would do well to purchase before the Bonds are all taken.

☞ The Company reserve the right to advance the price at any time; but all orders actually *in transitu* at the time of any such advance will be filled at present price. At this time they pay more than **8** per cent. upon the investment, and have, from National and State laws, guarantees superior to any other corporate securities now offered.

The First Mortgage Bonds are of **$1,000** each, with semi-annual gold coupons attached, payable in July and January. Both INTEREST AND PRINCIPAL ARE MADE EXPRESSLY PAYABLE IN UNITED STATES GOLD COIN. The back interest from July 1st is charged only at the currency rates.

We receive all classes of Government Bonds at their full market rates, in exchange for the Central Pacific Railroad Bonds, thus enabling the holders to realize from **5** TO **10** PER CENT. PROFIT, and keep the principal of their investment equally secure, and receive the same rate of interest for a longer period.

Orders and inquiries will receive prompt attention. Information, Descriptive Pamphlets, etc., giving a full account of the Organization, Progress, Business and Prospects of the Enterprise furnished on application. Bonds sent by return Express at our cost.

Subscriptions received by Banks and Bankers, Agents for the Loan, and by

JAMES T. BRADY & CO., Pittsburgh,
ROBINSON BROS., do.
S. McCLEAN & CO., do.
NATIONAL SAVINGS BANK, Wheel'g.

☞ All descriptions of GOVERNMENT SECURITIES BOUGHT, SOLD or EXCHANGED at our office, and by Mail and Telegraph, at MARKET RATES.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October 26, 1868.

Gold opened to-day at 133¾, advanced to 134¼, and closed steady but quiet at 134⅛. The lowest point seems to have been reached for the present, as the higher rates at the close indicate, and although gold loans flat, the disposition is to cover. The high rates for exchange, and the absence of any commercial bills in the market may lead to an export of specie, until the proceeds of the November coupons are paid for, for any other reason gold should go down, although it is remarkably low when we consider the enormous imports, and the inevitable decline of our staple articles, cotton, tobacco and grain. The past year from January to August 5th, gave us an an example of what influence an adverse foreign balance may have—the cheapest article always goes abroad in payment for imported goods, and last January it was gold, and now it is gold again; yet the payment of a large amount of gold coupons, and the genrral opinion favor lower quotations.

Governments are lower to-day, and have declined ¾ to 1 per cent. from Saturday's market; the high rate of interest for money must throw a larger amount of bonds on the market than can be absorbed, and the demand from Europe is light, although quotations have improved there with the decline in gold.

Railroad shares are dull and lower to-day, but to all appearances, they have touched bottom this afternoon, and long orders are out to buy, especially the dividend paying shares. Express shares are very firm, and scarcely any stock is offered. In Erie contradictory rumors are afloat, and strong parties are in the market as purchasers; it has not been definitely ascertained whether there was an issue of new stock or not.

Business is quiet and dull. Money more in demand, and local stocks are almost unsaleable.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October 26, 1868.

CATTLE.

The market was an unusually hard one to-day, at least, this was the opinion of every drover questioned on the subject. The supply was not larger than usual, but the demand seemed to be unusually light, the butchers taking hold very sparingly, and there was but a single eastern buyer in attendance. Prices, it would appear from present indications, must rule still lower, and holders of stock in the country should bear this in mind, and accept a good offer whenever made, and not hold on for a better one, as the chances are in favor of lower, and against higher prices. As will be seen by reference to the report of sales, prime to extra retailing Cattle sold at 7 to 7,25@7,50, and good butchers stock at 6 to 6,50. There was some inquiry for stock Cattle, and we quote this class of stock at 4 to 5, according to quality and condition. Bulls may be quoted at 3 to 3.50.

We heard a prominent dealer and shipper assert to-day, that Cattle were selling fully as high here as they are in Philadelphia, and if this is the case, there is no margin for shipment, and this accounts for the absence of eastern buyers.

McMillan & Kerr sold 10 head good to prime Washington county steers at 6 to 6¾.

M. Flinner 6 head Butler county steers at 4 to 4,25.

Peter Sheitemantel 14 head Butler county stock at 3 to 5.

Stakely & Bro. 26 head of mixed stock at 3 to 5,50.

McAllister to Kerwin 19 head good heavy steers, averaging 1200, at 6 to 7,25.

Hanlon & Cook 17 head Washington county cows, heifers and steers at 4,50 to 5,25.

Thos Bingham 24 head Mercer county stock at 3½ to 5c.

E. Katz 23 head Ohio steers and heifers at 3¼ to 5c.

Peter Hartman 35 head Green county steers at 5,25 to 6,75.

Haas & Kraus 50 head fair to prime steers at 6 to 7.

Verner 18 head Washington county steers at 6 to 7c; 9 head stock steers—held at 4,25.

Keefer & Zeigler 51 head good to prime Chicago steers at 5,50 to 7,25.

Myers & Needy 40 head Washington county stock at 6 to 7,25; 32 head Green county stock, for Porter, at 5,25 to 6,50.

Smith & Blue 40 head Indiana steers at 4 to 6,50.

Nicholas Carr 20 head Washington cows, heifers and steers at 5 to 6,75; 20 head Licking county, Ohio, cows, heifers and steers at 5,25 to 5,75.

Hedges & Taylor 66 head Ohio stock at 5 to 6.

Holmes, Lafferty & Co. 100 head mixed stock at 5 to 7.

Blackstock & Hazlewood 20 head for Miller, Monroe county, Ohio, at 4,50 to 5,50; 20 head Belmont county, Ohio, cattle, for Murphy, at 5 to 6¾; 20, for same man, unsold; 20 head, from same county, for Chas. Shomaker, at 4,75 to 6,50.

L. & J. Shamberg 39 head Washington and Green county stock at 3,50 to 7,25.

Traurman & Lobman 19 head Washington county steers at 6 to 7,25; 52 head Chicago steers at 5,50 to 7,25.

S. Marks & Bro. 54 head western steers at 5,50 to 7,25; 24 head Pennsylvania stock at 6 to 6,50.

Greenwald & Kahn 130 head at 6 to 7,50, for fat cattle, and 4 to 5 for stockers.

L. Rothchilds 50 head western stock at 5 to 7c.

SHEEP AND LAMBS.

The supply of Sheep and Lambs, was rather light this week, although there were enough to meet the demand, which, as in the case of cattle, was restricted entirely to supplying the wants of the retail trade. The market, however, was a shade better, and sales were made more readily, and in some instances a slight advance was established, though, as a general thing, the offerings consisted mostly of common and inferior stock. Some few very fine fat Sheep brought 4½ and even five cents, but the number sold at these figures was very small.

John McAllister sold for Welsh 100 head Allegheny Co. Sheep at $1,40 to $2,25 per head.

McMillan & Kerr sold 10 head extra Washington county weathers, averaging 104 lbs, at 4½.

Emmell, Fowler & Walters 400 Sheep and Lambs, at $1,50 to $3,50 for the former; and $1,50 to $2 for the latter.

M. Humes 100 head Sheep $1,25to $2,50.

Garwin & Bro. 202 Sheep and Lambs.

M. Flinner 140 Sheep, at 75 to $2,25 per head.

Peter Sheitemantel 150 Sheep and Lambs $7 to $2,50.

Adam Eckert 125 head Sheep at $1,25 per head to 5 cts per pound, 12 Lambs at $2 to $2,50 per head, and 40 head Sheep and Lambs on commission.

W Young sold 150 head Butler county Sheep, at an average of $1,40 per head.

Geo. Groves 66 Lambs from Armstrong county; unsold.

Beeler to G. Beelstine 300 head common Lambs at $1,25 per head.

John Young sold 200 head scalawag Sheep, from Butler county, at 90 cents per head.

Wicks & Co. 280 Sheeep at $1,25 to $2,25.

Seymour & Co. 87 Lambs, good, at $2,80.

J. F. Neely 96 head Sheep at $2 to $3 per head.

HOGS.

The retail demand continues to improve steadily, as the sales each succeeding week are getting larger. Prices, however, are declining, and we now give 8 to 10 cents gross, as the ruling quotations for light to prime heavy averages.

C. Beyer retailed 75 at 9½ to 10¼.

J. Rothchilds retailed 125 at 8 to 9½.

Myers & Needy wholesaled 69, averaging 200, at 8.

Emerick & Co. retailed 250 at 8 to 10.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October 26, 1868.

CRUDE.

The Crude market has undergone but little change since Saturday. The sales continue small and prices unchanged; 470 bbls at 11¾; 1000 do at 11⅞; and 1000 at 12—quotations may be fairly given at 11¾ to 12, with but little offering, and but few buyers. For future months, there is next to nothing doing, and the demand seems to be restricted entirely to October,—to supplying immediate wants, as refiners are not disposed to buy more than will cover their early maturing contracts.

REFINED.

The Refined market opened up quite strong this morning, and for a time it appeared as though a still further advance was inevitable Late in the day, however, there was a slight reaction, notwithstanding the reported loss of 17,000 bbls by fire in New York, and the advance to 52 francs in Antwerp. We can report s sale of 1,000 bbls for October at 29¾; and 500 bbls for the first half of November at the same figure. During the early part of the day, holders generally were asking 30 cents, and it was reported that for a time there were buyers at that figure. All 1869, 500 per month, is firm with buyers at 31, and no sellers—and there are buyers for the first half at 29 to 29¾.

—Since the above was put in type we learn that there were offers to buy October at 30; also, all 1869, at 31¾.

FARM, GARDEN AND HOUSEHOLD.

CARE OF PASTURES, ETC.

Observations made last spring for the purpose, have shown the great superiority of the new grass, where it has grown on land not closely grazed the previous autumn. The protection which the old grass afforded from the severe freezing and the sharp blasts of winter, resulted in a growth from three to five times as great as on closely grazed surfaces, during the first start of the fresh grass. When the latter had grown one inch, the former, by actual measurement, had grown four or five inches. There are several advantages in permitting long grass in autumn, and, indeed, at all times of the year. Physiologists, as well as practical horticulturists, know that keeping the foliage cropped short lessens the extension and development of the roots. A pasture grazed short all the time will, therefore, be found to have a thinner turf or mass of roots than one where the grass has a luxuriant growth. The stronger roots will make an earlier and more vigorous push in the spring. The old grass, rotting down, serves as a top dressing. It protects the young plants when the snow disappears, and keeps them warm. The earth freezes less in the winter when thus protected. We have found, by examining the soil in the early part of winter, where a bare and exposed surface had frozen down to a depth of six inches, that closely grazed pasture was frozen two to two and a half inches, while a thicker covering, as in rich pastures, had prevented the freezing of more than an inch. This striking difference must have a great influence on early growth.

Some farmers pursue the mistaken course of turning too many animals into their pastures, with the hope of getting all they can from the land. They are like the man who would starve his team for the purpose of reducing the expenses of horse labor, or him who should feed out in spring all his seed, that he might sell the rest of his grain. They would obtain much more from their fields if they allowed the grass to grow a foot high. We have seen those who were too poor to be economical, and wasted half their green feed by keeping it constantly eaten close into the roots. They continually work at the short end of the lever.

One of the finest farms we ever had the pleasure of examining, devoted chiefly to grazing, would cut nearly a ton of grass in the pastures at almost any time. The beef cattle which fattened on these pastures were worth in market from a hundred and fifty to two hundred dollars each. These fields were subjected to plowing and rotation every few years, with heavy seeding when laid down. A part were kept permanently in grass—being mowed four or five years, and then pastured two years with cattle. When the hay began to fall it was restored by pasturing. Top-dressing was given only to the land when in meadow, and never to pasture, as it rendered the feed strong and unpalatable. Plaster was found not only to add to the quantity of the grass, but, as was asserted, to sweeten it and improve its fattening qualities.—*Detroit paper.*

HANGING BACK.

Horses will be very commonly found to do what is termed "hang back in their stalls," the moment the stable door is shut and they find themselves alone; some will even do this when persons are present. This is a habit that always excites the greatest ire on the part of the groom; the broom handle or fork usually corrects this attempt, accompanied by swearing at the horse, and sundry condemnations of always his eyes, and frequently his limbs also. We have seen men insane enough to listen at the door or watch at a window till they found that the horse had committed this heinous sin, then rush into the stable, and chastise him as unmercifully as undeservedly. We might with as much justice punish a man because he moved his person to get ease, when we had placed him in a situation that rendered his position painful, but if any man has found that he could teach the generality of grooms to think before they act, he has been more fortunate than we have in this particular.

The whole secret of a horse hanging back is, that where the stall is much on the decline from the manger to the stall hind post, standing on an inclined plane causes his loins and hind parts to ache intolerably; he hangs back in order, if possible, to get his hind legs beyond the gutter, thus diminishing, by many degrees, his standing up hill. In good and well laid stables horses are not found to acquire this habit; so that the cause of it speaks, for itself, and ought to be immediately remedied. The stall floor should be perfectly flat from the manger till it comes within a foot of the grating; it should have a fall to it of half an inch. By this, the fore feet of the horse stand on quite level ground. It should slope in the same degree a foot each side of the grate, and also a foot behind it. This is sure to make the wet made by the horse run into the drain; and his hind, as well as his fore legs, stand level.—*Prairie Farmer.*

BUTTER MAKING.

I keep twenty-three cows of the native stock, with a slight mixture of Durham; their feed was the fall feed in my moving fields, with pumpkins in the morniag; the cream was gathered in thirty-six hours after milking, the cream then set twenty-four hours, then was churned. When the butter came, it was put in a wooden bowl, and washed with spring water until the milk was washed out and the water ceased to be colored, and remained clear; then the Ashton salt is worked in by hand at the rate of one ounce to a pound of butter; the butter is then set away to stand twenty-four hours; then it is worked over by hand, taking a small quantity at a time, and working out all the brine; then it is pounded in a tub; the tub is filled within a half inch of the top, then it is covered with a cloth, over which is spread a thin layer of salt.

Cream is not churned the day it is skimmed, as it will sometimes have a peculiar taste, which it does not have after standing twenty-four hours. In the fall the pans are filled two-thirds full, and the cream rises as well, but in the summer it should be more shallow.—*Cor. St. Albans (Vt.) Messenger.*

THE RASPBERRY.

It is a matter of surprise that the raspberry is comparatively so neglected. As compared with the strawberry, a given amount is much heavier, and contains more nutriment, while for quality it can scarcely be considered inferior. Although it requires considerable care, the bountiful crops of luscious, high flavored berries which it yields, will make ample compensation. The raspberry is not particular in the choice of soil, flourishing on any land of moderate fertility, though a deep, sandy loam has the advantage of prolonging the ripening season, and producing larger and better berries. If possible, the ground selected should have a northern slope, as the raspberry thrives best in a cool and somewhat shaded position. —*American Farmer.*

PETROLEUM PAINT.

L. H. Tucker, of the *Country Gentleman*, in his notes on Long Island farming, thus alludes to a barn painted with petroleum: "On the farm of R. W. Titus, I examined a barn painted six years ago with petroleum (heavy sort) mixed with Ohio mineral or earth paint. It appeared to have suffered not in the slightest degree by weather and time, the coat being complete and unchanged. The barn is ninety feet long, and thirty-two wide, with sixteen feet posts, the whole surface painted being about four thousand square feet. The entire cost of the petroleum, the paint, and of labor was not over twenty-four dollars. It would probably be one-third more at the present time. It is obviously a very cheap and perfect mode of coating wooden buildings, adapted even to handsome dwellings."

BUGS IN WALL PAPER.

Singularly enough, never having heard of the insects which consume the paste under wall paper until we received the inquiry that we published a few weeks ago, we have fallen upon a recipe in the last number of the *Country Gentleman*,

The recipe is given by a paper-hanger, who recommends it as infallible. It is simply to mix a little turpentine with the flour paste which is to be used in putting up the paper.

USEFUL HINTS.

New milch cows should be carded daily. They like it, and it pays.

The potato is a great absorber of potash. Therefore wood ashes are a good manure for it.

Put a few live fish into wells, if angle worms infest them.

If the roots of trees are dipped into water just before planting, the earth that sticks to them will give immediate support to the small fibers.

John Johnson says that farmers must give special attention to sheep and cattle keeping if they want to make grain growing more profitable.

Calcined plaster is as good a fertilizer as the uncalcined, but it is usually wasted after its use in the arts.

Some one says if salt is kept before a horse in the stable, he will not gnaw his manger. Trial will tell.

Root crops, not grain, are the things for young orchards. They do not steal so much tree food.

Toads are capital helpers in taking care of vine patches.

Experiments seem to prove that fence posts set up the reverse way from which they grew, will last much the longer.

It is difficult to tell colic from bots in a horse, but a tablespoonful of chloroform, in twice as much mucilage, is a good remedy for either.

Rich milk is not the best for calves. A butter cow is not a good stock cow.

Look out for morals as well as muscle in hiring farm hands. They may ruin the boys by their vicious examples.

Carrots are recommended for horses to aid digestion, and tomatoes to cows to improve and increase the milk.

Feed stock regularly, and cut and cook food as much as possible. Few farmers do it.

Mangers should be low, and stables well ventilated and well lighted. Many horses are made blind by being kept in the dark.

Insects do not infest very late sown peas as they do early ones.

Stewed pumpkin as a poultice has been found of great value in reducing inflammatory rheumatism.

Pork and beans are the most nutritious food for the money that can be found. Three cents' worth will give a hearty meal.

Smoke from rags, dry wood or corn cobs is better than from tobacco in pacifying bees to remove honey, etc.

Nine-tenths of the diseases which happen to the hoots and ankles of the horse are occasioned by standing on the dry plank floors of the stable.

Shoots will push on old and young trees just where limbs are not wanted. Remember that the new tender shoot will soon be a hard, woody branch. A slight rub will now remove it, but if left a year the knife must be used. Rub off these shoots when young and save cutting hereafter.

Cultivation in the orchard has a two-fold effect—it destroys the weeds, and leaves the surface in that light, mellow condition which enables it to answer the purposes of a mulch. Young orchards, with crops between the rows, should be cultivated with as much an eye to the trees as to the crops.

IMPORTANT DISCOVERY OF STEEL ORE.—A late discovery of iron ore in Clinton county, near Ellenburgh, N. Y., after careful examination by Dr. Jackson, of Boston, and others, proves to be of a superior quality for the manufacture of steel. It is cliciting considerable interest among the operators in this branch of trade, both here and in Pittsburgh, Pa. It is well known that we have thus far discovered but few veins of ore which makes first quality of steel, the best of which is the Peru mine in Clinton county. This new vein, which is believed to be of almost unlimited extent, bids fair to equal if not exceed in quality the Peru mine. Should this prove true, this discovery at once assumes a national importance, providing the material for the home manufacture of an article for which we are now almost wholly dependent on foreign countries.

SPECIAL NOTICES.

MANHOOD AND THE VIGOR OF YOUTH restored in four weeks. Success guaranteed. DR. FOR SALE--REAL ESTATE.

FOR SALE.

A FARM OF 30 ACRES, on the line of the Connellsville Railroad, 27 miles from the city, in Elizabeth township, Allegheny county, Pa. The improvements are a fine two-story brick house, with ten large rooms and hall. A large frame bank barn, with No. 1 stabling, and all other outbuildings in complete order. One of the best of orchards, of all kinds of fruit. The soil is rich new bottom. This property adjoins the village of Buena Vista, and has the advantage of churches, schools, mills, stores, &c., and will be sold at the low price of $15,000. The improvements alone are worth at least all that is asked for the property, to say nothing about the land, which is worth for garden purposes at least $10,000. For full particulars call at my office, or WILLIAM A. BELL, Esq., on the premises.

ALSO, A FARM OF 40 ACRES, situated in Elizabeth township, Allegheny county, Pa., on the line of the Connellsville Railroad, about 18 miles from the city. The improvements are a new stone dwelling, with eight rooms; a good barn and other outbuildings. This property is offered at a very low price. Call and secure yourself a good bargain.

ALSO A FARM OF 120 ACRES, situated in Elizabeth township, Allegheny county, Pa., 17½ miles from the city, on the Connellsville Railroad, opposite Elrod's Station, within 20 minutes' walk of the Station. The improvements are a frame house containing four rooms and kitchen, with a good cellar underneath; very good barn and other outbuildings. ALSO, 1 orchard, containing about 200 fruit bearing trees, all in good condition. 90 acres cleared land, the residue in good timber, underlaid with 23 acres of coal.

ALSO, A TWO-STORY BRICK HOUSE adjoining the Borough of Elizabeth, Allegheny county, Pa., containing 4 rooms and kitchen. Lot 60 feet front by 126 back to an alley. A good stable, wash house, bake-oven and other outbuildings. I am authorized to sell it at the low price of $1,800, on good terms.

ALSO, In the Borough of Elizabeth, a good two-story BRICK HOUSE, containing 4 rooms. Lot 120 feet square. Will be sold at the exceedingly low price of $2,500, on easy terms.

ALSO, My Farm, known by the name of "Willow Banks," situated on the Connellsville Railroad, 17 miles from the city, containing 79 ACRES, all in good condition. The improvements are a No. 1 brick house, two stories high, newly painted, containing six rooms, two halls running full length of the house. The house is situated on a beautiful knoll, is surrounded by fruit trees, shrubbery, vines and flowers, with a graded avenue running to the Yough. River. Also, a large frame bank barn, smoke house, wash house, coal house, bake-oven and other outbuildings, and a never-failing well of water. Two large orchards, containing from six to seven hundred fruit trees, nearly all in good bearing condition. This farm abounds in small fruits, viz: Currants, raspberries, gooseberries, and a fine large strawberry patch, which, in connexion with the richness of the soil and nearness to the city, makes it very desirable for gardening purposes. Very convenient to schools, churches, stores and blacksmith shop.

ALSO, A FARM OF 158 ACRES, situated in Elizabeth township, Allegheny county, Pa., 31 miles from the city of Pittsburgh, on the Connellsville Railroad, at Sutersstation. The improvements are a common log house, a good frame barn, with stabling for ten horses; a corn crib and wagon shed; good orchard of fruit trees; fencing very good. 120 acres cleared, the residue in heavy timber land. This farm is valuable—first, for its excellent soil; secondly, its timber; and thirdly, it contains more limestone than any other farm in Pennsylvania, all accessible. The lower vein of limestone is 40 feet thick; several other veins ranging from 3½ to 6 ft. in thickness, on this farm. For particulars enquire of ELI SUTER, Esq., at Suter Station, or at my office.

ALSO, 175 ACRES, situated in St. Clair township, Westmoreland county, Pa., near the line of the Pennsylvania Railroad, at Houston Station. The improvements are a two-story frame house, with six rooms and good cellar, a frame bank barn 40 by 60 feet, and other outbuildings. There is on the place a young apple and peach orchard; one hundred and twenty acres cleared land, divided into fields of convenient size, a large portion of which are well set in clover and timothy; the residue of said tract covered with good timber. It is well watered, and underlaid with coal and limestone, and is convenient to churches, schools, stores, mills and blacksmith shops. A real good bargain is offered in this excellent farm.

ALSO, A beautifully situated tract of 60 ACRES of valuable land, under good fencing, situated in McCandless township, Allegheny county, Pa., on a township road, 7 measured miles from the Market House in the city. This tract is well adapted for a garden or dairy farm, being convenient and of easy access to either city, and near enough to the line of the Mahoning Railroad to make it very desirable for country seats, for persons doing business in the city.

ALSO, The best farm in Young township, Indiana county, Pa., 4 miles from Western Penna. R. R. at Livermore station, containing 300 ACRES—225 arable and about No. 1 fencing, as well as fine farming condition; the balance in good white oak timber. The improvements are 2 two-story frame houses, nearly new, of eight rooms each and finished basements and attics; a large bank barn 50 by 80 feet, a two-story spring house and other necessary outbuildings, all in good order; 5 acres of orchard of choice varieties of fruits; 4 feet vein of coal (now open,) underlying the whole tract, and limestone in abundance, with plenty of springs of never-failing water. Taken all together—houses, fencing, soil, nice lying surface, public highway, churches, schools, mills, &c.,—I know of no more inviting and desirable tract of land in Western Pennsylvania.

ALSO, FARM AND MILLS. A small tract of 60 ACRES of very valuable land in Derry township, Westmoreland county, Pa., well fenced and in a right state of cultivation, new frame dwelling and other outbuildings; a new grist and saw mill complete, with two run of burrs, two bolting cloths, and all the needed fixtures, in good order, and a young orchard of fruits, laid all underlaid with a six foot vein of coal, now opened and worked, at the back of the mill, and limestone in abundance. Call soon and secure a good bargain.

ALSO, 126 ACRES, situated immediately upon the line of the Pennsylvania Railroad, at Blairsville Intersection, 54 miles east of the city. The improvements are a two-story stone house of 8 rooms, a No. 1 barn, 45 by 65 feet, the best of stabling and other outbuildings. The land lies well, is well fenced, is in good farming order, and will be sold very cheap if applied for soon.

CITY AND SUBURBAN.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Rooms of the Christian Association, No. 23 Fifth street.

Hackett, the standard interpreter of Shakespeare's Fallstaff of the age, had a good audience at the Opera House last night. He again appears to-night.

Committed.—Henry Weirs was yesterday committed for trial by Justice Ammon, of Birmingham, on a charge of assault and battery, preferred against him by Andrew Deckear.

Eleventh Ward.—The Republicans of the Eleventh ward are urgently requested to be at the School House, this evening, at half past seven o'clock, as important business will be brought up.

City Hall To-Night. — Republicans should not forget the rally at City Hall to-night. Thomas M. Marshall and Thomas Howard, Esqs., will each deliver one of their characteristic addresses. Let there be a full turnout.

To Property Owners on Cliff Street.—Property owners on Cliff street are requested to meet the City Engineer on that street on Thursday afternoon at three o'clock, for the purpose of establishing a grade satisfactory to all.

Postponed.—The Grand Mass Meeting of the Republicans of Allegheny City, which was to have taken place last evening in the Diamond Square, has been postponed until Saturday evening next. A full programme will be published in due time.

Loafers Arrested.—Ten or twelve young men were arrested and brought to the Allegheny Mayor's office, on Sunday afternoon, for loafing on the corner of East Lane and Ohio street. They were allowed to depart upon payment of the costs, and promising to desist from the practice in the future.

New Song.—Messrs. Barr, Knake & Buetler, the popular music dealers, No. 12 St. Clair street, sends us a spirited, yet sweet new song, as sung by the Allegheny Quartette Club, entitled "Bright Angels will Bear me to Rest." Music by J. M. Darling, and dedicated to Mr. Harry Horner. It is a very creditable contribution to current music.

Surety.—John Davis made information yesterday, before Alderman Taylor, against Wm. Woodward, for surety of the peace. The parties reside at Wood's Run and occupy the same tenement. Davis alleges that Woodward broke into his bedroom Sunday evening and threatened to knock his brains out and those of his wife. A warrant was issued.

Meeting in Allegheny.—The Republicans of Allegheny held a grand mass meeting in the Diamond last evening.

Mr. James McBrier called the meeting to order and proposed Mr. David Blair as Chairman.

The meeting was then ably addressed by R. B. Carnahan, and John M. Kirkpatrick, Esqs.

Disorderly.—Mary Harris made information yesterday, before Alderman Johns, against John Johnson, for gross disorderly conduct. The accused was arrested and committed to jail, but afterwards released by the Court, on account of the commitment being defective. The same prosecutor subsequently made information against the same defendant for keeping a bawdy house. He gave bail in the sum of five hundred dollars to answer the charge at Court.

Row in Beer Saloon.—A party of colored men entered the Saloon of John Meyer, in the Third ward, Allegheny on Sunday afternoon and got into a dispute. They adjourned to the street to fight it out when the police appeared and succeeded in arresting one of them, Thomas Taylor, who was locked up and the next morning fined five dollars and costs for disorderly conduct. The Mayor also arrested Meyer and held him for a hearing for selling liquor on Sunday.

Alleged False Pretence.—Henry Henk made information yesterday before Alderman McMasters against Wm. Wesley for false pretence. Henk alleges that Wesley induced him to take two shares of stock in the Pittsburgh Shooting Society by representing that it was a chartered company and owned the ground on which the building was located, which statement he has ascertained to be untrue. The stock was sold at $25 per share, and Henk alleges that it is worthless. A warrant was issued.

Serenaded.—The Second ward, Allegheny, Tanners gave His Honor Mayor Drum a serenade, at his residence, on the Perrysville Plank-road, last evening. They were accompanied by the Allegheny Quartette Club and a martial band. Senator Graham made one of those characteristically neat and felicitous addresses, which have gained for him such an enviable fame. The visitors were handsomely entertained and will long have to remember the generous hospitality and courtesy of the worthy official and his estimable family. The affair throughout was an exceedingly pleasant one, and will hereafter be a green spot in the memories of all who participated.

Ho! for New Brighton!

The Fourth Ward Minute Men, of Allegheny city, will meet at their hall at six o'clock precisely.

The Second Ward Pioneer Club will meet at headquarters, Wilkins Hall, at six o'clock sharp.

Company "A," Grant Hussars, will meet at City Hall, this evening, at 5:30 o'clock, where torches will be furnished. Members of other companies will be accepted if uniformed. All those who wish to join the burlesque brass band will report in as novel a costume as possible.

The New Brighton Demonstration.

Last night a meeting was held at City Hall of the different Commanders of the Grant and Colfax Clubs of the two cities, for the purpose of making arrangements for attending the New Brighton demonstration to-night. There was a full attendance and upwards of eight hundred men were reported ready for the trip, and it is thought this number will be increased to over a thousand men. Captain W. B. Cook was elected Commander-in-Chief of the delegation from Allegheny county, to whom all Club commanders are requested to report with Clubs fully equipped at the Allegheny Depot as soon after six o'clock as possible. The special train will leave that place at half-past six o'clock, sharp, and one dollar will pay the expenses of the round trip. Let there be a full and prompt attendance.

Pleasant Episode.

One evening last week the only daughter of our respected fellow-citizen, W. A. Herron, Esq, was led to the altar by one worthy her heart and hand. During the wedding feast, at which there were many guests present, and while gaiety and good humor prevailed, it suddenly occurred to Mr. Herron that the twenty-fifth anniversary of his wedding was about to be ushered. Mentioning the fact to a few friends, they immediately arranged that two weddings instead of one should mark the night, and after the clock struck twelve, Mr. Herron and his wife took their place on the floor and were reunited in the bonds of matrimony, celebrating their silver wedding, the clergyman who had married their daughter only an hour or so before, again officiating. The coincidence was very pleasing, and while we wish Mr. and Mrs. Herron much longer life and continued happiness and prosperity, we hope they will forgive the invasion we have made of their household to note for our readers the pleasant episode.

CITY COUNCILS.

Regular Meeting—Petitions, Communications, &c—Reports of Committees—Spruce Alley Vacated.

A regular meeting ot the City Councils was held on Monday, Oct. 26th, at two o'clock P. M.

Select Council.

Members present: Messrs. W. R. Brown, A. M. Brown, Cochrane, Coffin, Coyle, Dickson, Gallaher, Gross, Jones, Laufman, Morrow, McClelland, McEwen, McKibben, Ogden, Rafferty, Rees, Shipton, Wainwright and President M'Auley.

The minutes of the preceding meeting were read and approved.

Mr. Shipton presented a petition from Joseph Hastings for a gas lamp at Bedford avenue and Hickory alley. Referred to Gas Committee.

Also, a petition for a gas lamp on Virgin alley. Referred to Gas Committee.

Mr. Laufman, a petition for a plank walk on the Greensburg pike, from Forty-fifth street to Miller's Lane. Referred to Road Committee.

Mr. McClellan, a petition for the grading and paving of Twenty-seventh street, from Liberty to Penn street. Accepted.

Also, an ordinance providing for the same. Read three times and passed.

Mr. M'Kibben, a petition for a water pipe on Braddock street, to the Twenty-third ward and the village of Hazelwood. Referred to Water Committee.

Mr. Morrow presented a petition from Ecker & Caskey, asking the privilege to erect a wooden building in the Sixth ward. Accompanying the same was an ordinance granting the privilege. The petition was accepted, and the ordinance, after being amended so as not to extend longer than 1873, was adopted.

Mr. Dickson, a petition from a number of persons residing on Sixteenth street, asking for the erection of a gas lamp on said street. Referred to Gas Committee.

The President, in place, read an opinon from the City Solicitor relative to the right of the Gas Company to extend the main pipes to the new districts of the city. The Solicitor decides that they have the right so to do. The opinon was received and referred to the Gas Committee.

Mr. Shipton said that he had an important matter to present to Councils. In extending the twenty inch water pipe to the Fifteenth and Seventeenth wards, it was found necessary to take up one track of the Citizens Passenger Railway, on Penn street. The City Solicitor had been applied to for his opinion by the Water Committee, as to whether the city was bound to defray the expenses of relaying said track so taken up, and he is of the opinion that the city can be compelled to do so. In accordance with said decision, the Water Committee had advertised for bids for relaying the track, and the Company having done the work handed in their bills, which, being less than any bids they had received from bidders, was paid. The Committee, therefore, submitted the matter to Councils.

Mr. Shipton then read the opinion of the City Solicitor and the bill of the Company for laying the track for the month of September, amounting to $552,73, accompanying which was a resolution authorizing the Water Committee to act in accordance with the opinion of the City Solicitor.

After considerable discussion and explanation on the part of the members of the Committee, the yeas and nays were called on the resolution, with the following result:

Ayes—Messrs. Brown W. R., Coyle, Gross, Laufman, Morrow, McKibben, Ogden, Rafferty, Shipton—9.

Nays—Messrs. Cochrane, Coffin, Dickson, McClelland, McEwen, Rees, Wainwright—7.

Mr. Coffin objected to the final passage of the ordinance, and asked that it lay over under the rules.

The Chair overruled the objection.

The Chair, in place, read a communication from the City Solicitor relative to digesting the city laws. The communication was received and filed.

The Chair, in place, read the following communication from the Controller:

Gentlemen: I find that on the 1st proximo, Fire Engines and Hose will require, in addition to what is in the fund, the sum of $285.56. The Road Fund is in debt nearly five hundred dollars, and will need four thousand dollars as stated by the Committee. The Printing Fund is in debt $106.91, and requires not less than one thousand dollars. The Committee on Monongahela Wharf, owing to improvements now progressing, ask for two thousand dollars, so as to aid in prosecuting the work. In the Contingent Fund there is $980.40, while there are pressing claims amounting to $2,955.50, so that two thousand dollars should be carried to said account. In order to meet the foregoing, I respectfully suggest the transfers mentioned in the accompanying resolution. The sum of $2,540 is owing to Messrs. Hastings & O'Neill for Nicolson pavement and crossings on Market street, as certified by the City Engineer. The sum of $46.25 to Samuel Allinder for serving one hundred and eighty-five notices, and $17.25 to K. Bracken for serving sixty-nine notices. If directed to be paid the certificates must be on appropriation No. 13.

Resolved, That the City Controller is hereby authorized and directed to transfer from appropriation No. 18 (Finance) to appropriation No. 22 (Roads) the sum of $4,000. From said No. 18 to appropriation No. 4 (Fire and Hose) $285.50. From said No. 18 to appropriation No. 3 (Printing) $1,000. Also from said No. 18 the sum of $2,000, to appropriation No. 13, (Contingent Fund); and from appropriation No. 11 (Allegheny Wharf) to No. 10 (Monongahela Wharf) the sum of $2,000.

Resolved, That the City Controller is hereby authorized to certify on appropriation No. 13, in favor of Hastings & O'Neil for $2,540.10. Also on said appropriation in favor of Samuel Allinder, for $46.25; and further, that a certificate for warrants on said appropriation for the election expenses in each ward for holding the late city election, and also the sum of $10 to Addy & Williams for rent of room for holding election in the Third ward.

The communication was accepted and the resolutions adopted.

Mr. Gross, from the Committee on City Property, offered the following:

Your Committee, to whom was referred the resolution inquiring into the number of Police Station Houses needed and the location of the same, report that they have selected the Twelfth ward for the location of one, and one in the Seventeenth ward on Ewalt street, and one in the Twentieth ward on Centre street and Pennsylvania Railroad. They, therefore, offer a resolution authorizing the Committee to purchase a lot on Forty-third street, Seventeenth ward, from T. B. Stewart. A lot on Pennsylvania Railroad and Centre street, Twentieth ward, from J. W. Berlin, provided they shall not exceed in price $1,000 each. Read three times and passed finally.

Mr. A. M. Brown offered a petition from William Smith asking permission to occupy that portion of Spruce alley upon which his buildings are erected until such time as the city shall authorize the grading and paving of the same.

Also a resolution providing that the alley be vacated, in accordance with an act of Assembly providing for the same.

Mr. W. R. Brown offered an amendment providing that Mr. Smith be required to pay into the City Treasury the sum of $3,000 or such sum as three disinterested persons shall name.

Mr. Ogden moved to amend by striking out $3,000 and inserting $4,000.

Mr. McEwen said the property was worth $5,000.

Mr. Cochrane said he would give $6,000 for it.

Mr. Rafferty said he would like to amend by substituting a resolution to open a sixty-foot street where the alley now is.

The petition was accepted.

Mr. McAuley, Mr. Gross in the chair, then moved to amend the amendment by inserting $5,000 instead of $3,000, and strike out all after $5,000.

The amendment of Mr. McAuley was adopted.

The resolution as amended was then adopted,

On motion of Mr. A. M. Brown the rules were suspended and the resolution passed finally.

Mr. Jones submitted a remonstrance against the widening of Nevil street. Referred to the Road Committee.

Councils adjourned.

Common Council.

President W. A. Tomlinson presiding.

Common Council was called to order at half-past two o'clock and the following members were present: Messrs. Barnhill, Boggs, Batchelor, Berger, Brush, Caskey, Carroll, Dravo, Davis, Friday, Gerner, Hare, Hemphill, Herron, Hillerman, House, Kremer, Moorhead, Rebman, Reed, Reynolds, Robb, Scott, A. Sims, Torley, Torrens, Verner, Vick, Weldon, Welsh and Zern.

The minutes of the previous meeting were read and approved.

Mr. Weldon presented a petition for the change of grade on Clymer street, between Penn street and Spring alley. Referred to the Street Committee with power to act.

Also a petition for change of grade on Dinwiddie street. Same reference.

Also a petition for the sewer on Spring alley to extend from Canal to O'Hara street.

Mr. Zern presented a remonstrance against the proposed sewer.

The petition and remonstrance were both referred to the Street Committee.

The President read the following communication from the City Solicitor in answer to a petition relative to the condition of Second street, which was referred to him for his opinion:

TO THE STREET COMMITTEE—*Gentlemen:* I herewith return the petition in reference to Second street. I cannot see how this matter can be adjusted without legislation. The vacation of the part rendered useless, and the opening of the new streets, should be done by the same parties. The Court has no power to assess damages or benefits by vacation. By the report of viewers, it appears that the benefits by excavation would be necessary to meet the demands by opening. If the street is opened by Councils and the other part vacated by Court, these matters cannot be adjusted properly. I would recommend suspension until the Legislature meets.

Yours, &c., J. F. SLAGLE,
City Attorney.

The communication was accepted and action in the matter postponed until the Legislature assembles.

Mr. Weldon presented a bill of Messrs. Allen & Dunn for $390, for extending sidewalks on front of Custom House, Fifth avenue, with a resolution as follows:

Resolved, That the City Controller be and is hereby authorized and directed to certify a warrant on the Mayor for $390 in favor of Messrs. Allen & Dunn for the work done, and charge the same to contingent funds. Read three times and passed.

Mr. Hare offered the following:

Resolved, That the Mayor be and he is hereby authorized to certify warrants in favor of the several election boards of the city for services in holding the recent elections.

Mr. Friday offered the following:

Resolved, That the Gas Committee be instructed to erect a street lamp on the corner of Eleventh street and Spring alley. Referred to Committee on Gas Lighting.

Mr. Brush offered the following:

Resolved, That in lieu of any increase of salary of the clerks of the Select and Common Councils, for the present year, the Controller is hereby directed to certify a warrant in favor of each of said clerks for one hundred dollars and charge contingent fund. Read three times and passed.

Mr. Brush also offered a petition for the laying of a water pipe on Vine street before that street is graded. Referred to Water Committee.

Mr. Caskey presented a petition from the property holders of Linden and Forbes streets in the Sixth ward, praying for the laying of an additional water pipe on Linden street from Locust, to connect with the pipe now laid. Referred to Water Committee.

REPORT OF THE ROAD COMMITTEE.

Mr. Batchelor, from the Road Committee, submitted the following report:

Your Committee on Roads, after several meetings and careful examinations of the conditions of the roads throughout the rural districts of the city, find that they will be compelled to ask of you a further appropriation of four thousand dollars to meet the necessary demands that will be made upon them for putting said roads in good condition for the coming winter. There are several roads in different parts of the city that will, if not put in proper repair, be utterly impassable, beside which there are several culverts broken down, rendering the roads in passing over them extremely dangerous to travel, and in two instances suits against the city for damages are threatened in case said culverts are not put in better condition. The amount above named is the least possible sum that will suffice to meet the requirements that will be made upon your Committee to put the district under their care, not in a good, but merely safe condition, so as to prevent accidant to life or property.

The report was accepted.

Mr. Welsh presented a petition of Messrs. Park, Bro. & Co., Wm. Forsythe, and others, setting forth that the assessment for grading and paving of Smith street was made in 1866, and the parties being satisfied that the contractor, William Finch, was allowed for work not done, they applied to the Street Committee, who directed that the assessment should not be collected. Some had paid their assessments, and suit was brought against the city for the balance. Though the evidence showed that the Regulator had made a mistake to the amount of one thousand dollars or more, judgment was recovered by plaintiff for more than the amount assessed, under the rulings of the Court, which left the Jury no alternative. The petitioners believe they have been grossly wronged in this matter, but are willing to pay the amount assessed against them without interest, and ask Councils to authorize the City Treasurer to receive the amount in full payment. The petition was accompanied by a resolution so directing the City Treasurer. Both petitions and resolution were referred to to the Finance Committee.

STREET COMMITTEE'S REPORT.

Mr. Weldon, from the Street Committee, submitted the following report:

Gentlemen—Your Committee on Streets would respectfully report that they have made a careful examination of the ground of Fisk street, and, in their opinion, the grading of the street is not practicable at present, and they would therefore report adversely to the application.

They would also present a petition of property holders for a sewer on Spring alley, between Eleventh or Canal street and Twelfth, or O'Hara street, Ninth ward; and accompanying the same an ordinance granting the wishes of the petitioners, which your Committee would ask may be considered, read three times and finally passed under a suspension of the rules. The alley is in a very bad condition, and the improvement is an imperative necessity to prevent damages to property caused by water flooding cellars along the line of the alley. They also report the following ordinance, viz: For grading, paving and curbing Eleventh, or Canal street, from Pike to Etna; appointing viewers to appraise damages said to be caused by the grading of Second avenue, east of the Birmingham bridge; for a sewer on Spring alley, from Eleventh, or Canal street, to Twelfth, or O'Hara street.

The report was accepted and the ordinances read three times and passed, excepting the ordinance for Spring alley sewer, which was laid on the table.

Mr. Reynolds, a petition from the property holders of Forty-third street, (formerly Chestnut) in the Seventeenth ward, praying for the opening of said street to its northern terminus, at the Allegheny river. Referred to Street Committee.

Mr. Herron, a petition for lamp posts on Centre Avenue, between Kirkpatrick and Dinwiddie streets. Referred to Gas Committee, with power to act.

Mr. Torrens presented a petition from Alfred H. Jones & Co., with accompanying ordinance, for the erection of an iron clad building, 50x50 feet, for a foundry at the corner of Wilson street and the line of the Allegheny Valley Railroad in the Twelfth ward.

The petition was accepted, and the ordinance read three times and passed, under a suspension of the rules.

Mr. Batchelor presented a resolution to have oil lamps placed along the Pittsburgh and Greensburg Turnpike, at such points as the Gas Lighting Committee may deem proper, from the foot of Hugus' hill to the juncture of said turnpike with Fifth avenue, and place said lamps under the control of watchmen, to be lighted on all nights requiring gas light on the streets. The resolution was referred to the Gas Lighting Committee.

The President read a resolution instructing the Gas Committee to have the lamp on Irwin alley removed to the corner of said alley and Exchange alley. Referred to the Committee.

Mr. Welden presented a petition of Messrs. Reese, Graff & Dull, asking permission to place a switch on Thirty-second street, from the Allegheny Valley Railroad to their mill. Referred to the Street Committee.

Mr. Gerner presented a petition asking for the extension of the water pipe down Craft avenue to Fifth avenue. Referred to Water Committee.

Mr. Herron, Chairman of the Committee on Surveys, reported the following:

Gentlemen—Your Committee on Surveys would submit the following for your adoption: For Mill street from Greensburg Pike to Hoeveller street; For Roup street from Fifth avenue to Centre avenue. And ordinances locating the following streets in accordance with the City District plan, viz: Ridge, Roup, Craig, Webster (or coal) street from Kirkpatrick to Mercer street, and Duncan street from Kirkpatrick street to the township road at the Minersville Presbyterian church; and also a plan of Homewood avenue from Greensburg Pike to Penn township plank road. This plan differs from the present location of said avenue north of the Pennsylvania Railroad so as to make the street straight between the two points above named. It will, in a measure, spoil some small lots laid out by Thomas A. Mellon, Esq., but it places the avenue in its proper location, that is, on the line between the property on either side of the street. The lots are now staked out to a line of a thirty-three foot street, which is entirely inadequate to meet the wants of the neighborhood. Another defect in said plan is, on the west side of said avenue, where there has been a fifty foot street laid out at right angles to said avenue by property holders, which has been extended on the Mellon plan eastward by a fifteen foot alley. Your Committee intend extending the same as a street fifty feet wide. The matter of laying out property into small lots, so as to suit a small tract of land, is a growing evil, and ruinous in its tendencies to the future of the city. Streets are being laid out in such a manner as to be entirely at variance with the public good, and of such a width as to compel their being widened at some future day, when, in all probability, they will be closely built, thus entailing great expense on all property surrounding.

Your Committee would respectfully request that the necessary step be taken to cause plans of streets being laid out through private property to be submitted to this Committee for approval before they can be placed on record as public thoroughfares.

The report was accepted, the plans adopted, and the ordinances laid over under the rules.

Mr. Herron presented a petition from citizens of the Twentieth ward residing on the street running from Amberson avenue, asking that said street be widened to fifty feet, the additional width to be taken from each side. Referred to the Committee on Surveys.

Also a petition for widening Homewood avenue, in the Twenty-first ward, to sixty feet, and the width of side walks at fourteen feet. Referred to Survey Committee.

Also, a petition for widening Neville street in the Fourteenth and Twentieth wards, from fifty to sixty feet, by appropriating five feet from each side. Referred to Road Committee.

Mr. Hare, from the Committee on Fire Alarm Telegraph, to whom was referred the petition for an appropriation for a fire alarm bell in the Twenty-third ward, reported, recommending a resolution appropriating $600, and the necessary expenses for striking apparatus for the purpose named.

The report was accepted, and a resolution making the appropriation was read three times and passed.

Mr. Dravo offered a resolution that a gas lamp be erected on the corner of Butler and Race streets, in the Fifteenth ward. Referred to Gas Committee.

Mr. Berger offered a petition from Messrs. Lorentz & Wightman asking for the privilege of erecting a two story iron clad building at the corner of Penn street and Mulberry alley, in the Twelfth ward. Referred to Committee on Wooden Buildings, with power to act.

Mr. Herron presented a petition from Wm. Fitch, Sr., setting forth that he had paved Smith street in the Ninth ward, as per contract with the city, during the years 1864-5, to the satisfaction of the City Regulator and the Street Committee, but owing to alleged deficiencies in the work made by private parties, payment was withheld and suit was brought to recover the amount due under the contract. The case was decided on the 9th of June, 1868, the jury finding for the plaintiff $4,108.35, the costs being $61.31. The petition asks Councils to appropriate a sum sufficient to pay said judgment and costs.

Mr. Torley offered a resolution authorizing the janitor, Capt. Cooper, to provide chairs and desks for the increase of incoming members, and to charge the same to the contingent fund.

Mr. Herron called up the following ordinances laid over from last meeting:

For the opening of Bedford Avenue.

For the grading and paving of Poplar alley.

For changing the grade of Reed street.

Read three times and passed.

Sundry bills were presented, amounting to $32,90, for cleaning Council Chambers, which were passed and ordered to be paid. Also, the bill of Carroll & Snyder, for ash box, $28,62.

Mr. Reynolds offered an ordinance substituting Mr. J. J. McClure in place of William Lorby as viewer on the opening of Davidson street, owing to the removal from the county of the latter. The rules were suspended and the ordinance read three times and passed.

On motion adjourned.

The Popular Bee Hive Clothing Store of R. Boobyer, Jr., 225 Liberty street, has reopened after a brief season—when the old building was replaced with a magnificent new structure—and the former patrons are respectfully requested to contribute a share of their patronage. Mr. Boobyer has just secured a splendid stock of new goods which he offers at exceedingly low prices. He manufactures in the very best style and at most reasonable prices. The rooms occupied by the firm are amongst the most elegant of the city, but that inducement will be lost sight of in the splendid assortment of goods and the cheap prices at which they are held. This house has always been a most popular one with the public, and we are glad to note the prosperity which has warranted the recent changes.

Boots, Shoes, Blankets, Flannels, Quilts, etc., this day and evening at the consignee's sale by auction. Do not fail to call and secure bargains for yourself and family at Palmer & Phillips' Auction Rooms, No. 60 Fifth avenue. Positively no reserve.

Ladies Furs—Excitement.

The excitement still continues in the city and the vicinity surrounding, produced by the wonderfully low prices at which the latest and newest styles of Ladies' and Misses' Furs are being sold at the first-class and popular house of Wm. Fleming, No. 139 Wood street. This old and reliable establishment possesses the most extensive facilities for obtaining the rarest and finest selection in the above line, as the immense quantities of goods disposed of, in both the wholesale and retail departments, enables the proprietor to make heavy purchases, thus inducing the manufacturers to sell to him at much less prices than to houses that do much less business, and are necessarily compelled to buy in smaller quantities and consequently at advanced prices. The large sales made daily at this emporium enable the proprietor to sell at less prices, saving to purchasers from *fifteen to twenty-five per cent.* The styles of Ladies Furs this season are especially handsome. The long tubed victorine and cape that have so long prevailed have been replaced by the handsome Bode Eugenia and Bertha. The visitor will also find at Fleming's a large line of Misses' and Children's Furs of all the new and desirable styles, and at very moderate prices. This deservedly popular house is, even at this early season, constantly thronged with customers, who fully appreciate the system and business tact that ensures such large purchases and sales, and thereby saving to to their patrons such a large percentage. An important fact to be remembered is that no salesman is allowed, under any circumstances, to make any misrepresentation for the purpose of inducing customers to purchase, and that every article is warranted to prove in wear even more than may be represented at the time of sale.

Stained Glass.

Among the remarkable improvements in American manufactures nothing is more noteworthy than the great stride which has been made within the last few years in the business of staining and enameling glass. Up to a recent date the consumer has depended, in a large measure, upon the English manufacturer. As a matter of course, the carriage alone, leaving out the dealer's and manufacturer's profits, imposed a large tax on the consumer; sufficient, indeed, to justify the establishment of the business in our own country. Glass staining, however, to be conducted properly, should be combined with glass making. The glass stainer who depends upon the glass manufacturer for his material, is limited in his operations, and necessarily requires more time to complete his work. The manufacturer, on the other hand, has extraordinary facilities for staining and enameling unlimited quantities in a fraction of time required by the glass stainer. Page, Zellers & Duff, No. 8 Wood street, may be termed the pioneers of the new movement. They have demonstrated the fact that an article in every way equal to English stained glass can be made at rates favorable to the consumer. They are now prepared to fill orders for every style of plain white, chaste and elaborate designed stained and enameled glass, for public and private buildings, elegant transoms, side lights, transoms for business houses, with name of firm and number of street, &c. NEW YORK, July 1st, 1868.

DEAR SIR:—In your paper of last week you or one of your correspondents say that Dr. Drake is not the originator of the celebrated PLANTATION BITTERS, and that they were manufactured and sold by one *Pedro Martelle*, an old Spaniard, in the Island of St. Thomas, over forty years ago, as every old sea captain can testify. Now, sir, I can certify to the above as being true, for I have followed the sea for over forty years, most of the time doing business with the West Indies. These same Bitters, differently put up and named, were brought to my notice on my first trip to the Island of St. Croix for a cargo of rum, and for years and years after, my ship's stores were never without them. I always supplied my family and many of my neighbors with them, and can truly say a better Bitters and Tonic is not made in all the world.

Yours, truly,
THSTF. CAPT. HENRY WENTZ.

On the east side of the hall is a case of the handsomest American steel tools ever seen in our State. They were manufactured from steel made by Anderson & Woods, Pittsburgh, Pa., and are exhibited by Leeds, Robinson & Co., Boston. Prof. Diamond, of the Agricultural College, assured us that there were no tools in the Paris exhibition that compared with them, and we can readily believe it after closely inspecting them, for they seem to be as perfect as tools can be made.—[*Concord, N.
